

Citizens File City Manager Petitions

County Judge Expected
To Set Hearing Date
Early In September

Petitions containing signatures of 1500 Granite City residents requesting an election to determine if the city should retain the present form of municipal government or switch to the city manager type were filed with county clerk's office yesterday afternoon by Gilbert Koch, attorney for the Citizens for Manager group.

Yesterday's move was the climax of several months activity on part of the Managers in garnering the required number of names to call the referendum. James P. Worthen, long-time advocate of the group, announced following the petitions' filing at 3:10 p.m. in Edwardsville.

In previous statements, Worthen implied that petitions would contain from 1800 to 2000 signatures; however, after checking the number of registrants for the last majority election, which figured out to roughly 11,000 voters, he felt that the 1500 signatures filed were more than ample for the referendum request.

Judge On Vacation
The county clerk's office, confirming receipt of the petitions, said the hearing would be held by County Judge Michael King sometime after Aug. 29. The judge is now vacationing.

Petitioners filed Aug. 18, like-minded residents of Edwardsville favoring a city manager for the county seat's government will go before Judge Kinney Sept. 2 at 1:30 p.m. in the clerk's office and check the number of signatures.

Granite City petitions possibly will be submitted at a later date. Following a successful referendum, Worthen said, Granite City's mayor and city clerk will be notified to set an election day not less than 30 days nor more than 120 days from the date of notice.

Campaign Planning
In the meantime, following last night's regular meeting in the group's Delmar avenue headquarters, Temporary Chairman Clarence R. Henry said an open meeting will be called the latter part of September to encourage interested Granite City residents to join the campaign.

Also planned is an election of permanent officers, and necessary committee appointments.

Wednesday, August 24, has been set for the group's next regular meeting.

Cable Cut, 800 Phones Out of Service 9 Hours

Telephone service for about 800 Granite City customers of Southwestern Bell Telephone Co. was disrupted for nine hours yesterday after a large telephone cable was cut in an area serving contractor in the 3000 block of Iowa street.

William King, district manager of the telephone company in East St. Louis, said the cable was apparently cut by a contractor during the digging of a sewer line for a new house.

The telephone company received first reports of the trouble at 9 a.m. yesterday, and had repair crews working until most of the disrupted service was restored by 6 p.m., yesterday.

A few isolated lines were not restored to service until 11:30 a.m., but all are in working order now, King said.

Undergo Surgery

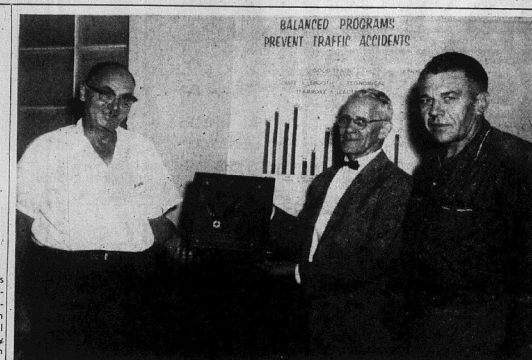

The following are recovering at St. Elizabeth Hospital from surgery which they underwent this week: Marion Landy, 2111 Delmar avenue; Lena Graham, 2613 East 27th street; Harry Johnson, 1538 Third street, Madison.

TOP TRAFFIC SAFETY AWARD, rating Madison as one of the safest cities in the state and nation, being presented last night by W. Guthrie Piersel, (center), research analyst with the state division of traffic safety, to Mayor Mearns (left) and Police Chief Barney Fraundorfer. The rating was designated by the National Safety Council.

Big Test Friday On 2-Way Traffic In Downtown Area

Although still too soon to pass judgment on the new two-way traffic pattern on 19th street and State street, Police Chief Raymond Willard said today, "for the most part the change seems to be going over well."

The first big test will be tomorrow, when motorists and shoppers will be out in force in the business district, the chief pointed out.

"A few people haven't gotten used to it yet," he said, "but I don't think we'll have any trouble. On the whole it's working fine." He said that after Friday, a more qualified appraisal should be possible.

The switch-over from one-way to two-way thoroughfares began at midnight Monday, and drivers so far have not been caught napping by the new traffic controls set up, including "no-right" and "no-left" turn signs and stop signs.

Chief Willard said that one traffic arrest had been made for violation of the signs during the first 58 hours of operation.

The only complaint received was that the stop sign at Edison avenue and 19th street was not located in best advantage. It was too difficult to observe, and will be corrected.

One additional "no-left" turn sign, not previously reported, has been installed, the chief said. The sign went on 20th street to control eastbound traffic at State street.

Traffic Expert Urges DWI Chemical Tests, Engineering

Chemical testing of motorists suspected of drunken driving was urged for Granite City by W. Guthrie Piersel, research analyst for the state division of traffic safety, who presented an inventory of 1959 traffic safety activities to local officials Tuesday evening.

Piersel also recommended stern restrictions on pedestrians, an increase in the size of the police force, adoption of a uniform "no-right" traffic ticket, school for traffic violators, traffic engineering, greater citizen participation in traffic safety measures and 100% student driver training in schools.

Emphasizing that drunken driving has replaced speeding as the No. one killer on streets and highways, the traffic safety expert pointed out the low rate of arrests and conviction for drivers.

"I'm happy to hear you have provisions in the city budget to train police officers in traffic safety," Piersel said.

He pointed out that cities the size of Granite City average 360 driver-intoxication convictions a year. In Granite City, there were 27 convictions last year and 48 in 1958.

Piersel said the 36-member police department is doing "a remarkable job" of traffic law enforcement with its limited number of 32 "outside" men, but he advocated a 67-man force for adequate enforcement.

"Your town is expanding and doing it rapidly. While a 67-man force is the ideal size, you'll find it hard to get that many men on your payroll," he said.

In scoring the city's traffic safety activities with a 32% rating, Piersel said improvement was shown over last year's 30%, but affording "room for improvement."

The city's greatest advantage, he said, was in the maintaining of accurate records by police. "To produce the right results, records should show the cause of accidents. Adequate records are essential."

Madison Rated Tops In Traffic Safety

2nd In State Among
Top Ten In Nation—
Receives NSC Plaque

The city of Madison, in the enviable position of having the second lowest traffic accident rate in the state of Illinois for communities in the 5000-19,000 population class, and ranking in the top 10% of the nation for 1959, was the proud recipient last night of a gleaming safety award plaque presented by the National Safety Council and Illinois State Division of Traffic Safety.

Accepting the coveted award, presented by W. Guthrie Piersel, research analyst with the state division of traffic safety, were Madison's Mayor Stephen Barney Fraundorfer.

Inscribed on the safety trophy were the words: "A certificate of achievement presented to the city of Madison in special recognition of its progressive accident prevention program in which no traffic deaths were recorded for the year 1959."

Gains In All Fields
In each category rated by the President's committee for traffic safety, Madison improved its standing over last year's tabulation. The city's traffic safety gain over 1958's rating of 50.

Reviewing the overall safety evaluation of the city, Analyst Piersel pointed out that the areas of greatest gain were in traffic engineering and accident records, while those appearing most in need of strengthening were police traffic supervision and organization for traffic safety improvement.

Specifically, he compared present rates with past evaluations. In accident records the rating increase was from a previous 50 to 55, a gain of five points. School traffic education went from 65 to 70, a gain of five points.

The fire was reported at 4:45 a.m. when the cars owned by Washah Railroad Co. were on a track near 26th and Center streets. They were towed still in flames to the 25th street crossing, where a fire hydrant was available.

Railroad officials estimated the loss on one car, where the blaze started at 15:00. The other was badly burned on the inside. Damage to the fire was \$700. Both were empty.

Three fire trucks and eight men answered the call, including the truck from Granite City. Over 600 feet of 2 1/2 inch hose plus about 800 feet of City booster hose was pumped water into the inferno.

The fire was extinguished at 8:15 a.m.

New GC Steel Blast Furnace Move Monday

The tedious job of moving Granite City Steel Company's new 700-ton blast furnace into its final operating position is tentatively scheduled to begin Monday morning, company officials and the moving contractors said today.

The furnace, which replaces a smaller one torn down and scrapped this summer, will be moved only 87 1/2 feet from the location where it was built, but the combined job of traveling that distance and lowering the furnace into a strengthened foundation will require an estimated 12-14 hours.

The operation will be very similar to one undertaken at Granite City Steel in May 1956. The furnace shell, which stands on platform 45 feet above the ground, together with the furnace upper works and superstructure, will be transferred over steel rollers on a trestle to a position above the foundation. A 65-ton capacity truck crane will furnish a "pulling power" which will be magnified to 36,000 pounds through an involved system of blocks and tackle.

When the furnace reaches the correct position above the foundation, it will be lowered 3 feet, 4 1/2 inches onto eight H-beams in the foundation which will be secured by 12 bolts. The procedure, requiring 22 jacks, will require from 10 to 12 hours.

1500-Ton Capacity
Once in place, the blast furnace will stand 232 feet above ground level, equivalent to the height of an 18-story office building. Heat diameter of the new furnace is 28 feet, as compared to 25 feet on the structure.

Two Refrigerator Cars Burn, One Total Loss

A switch engine was used to pull two blazing refrigerator cars nearer to a water main and out of range of nearby cars early Tuesday morning, Granite City firemen from two stations battled nearly four hours to subdue flames which started inside one of the cars. The cause was not determined.

"The other boxcars were getting pretty hot," fire department personnel said. "We had to move them anyway to get to a water source."

The fire was reported at 4:45 a.m. when the cars owned by Washah Railroad Co. were on a track near 26th and Center streets. They were towed still in flames to the 25th street crossing, where a fire hydrant was available.

Railroad officials estimated the loss on one car, where the blaze started at 15:00. The other was badly burned on the inside. Damage to the fire was \$700. Both were empty.

Survey of GC Taxing Agencies To Start

City Council Expected
To Enter Agreement
With University Staff

An evaluation of governmental agencies in Granite City, proposed by the city council on July 25, will be started in the fall.

Council members enthusiastically approved an outline for such a program submitted during Monday night's session by Dr. Seymour Z. Mann of the Northwestern Illinois Campus of Southern Illinois University, and instructed the city attorney to have a resolution of intent ready for next week's meeting.

Through the survey, the city hopes to determine if property owners are receiving a full dollar value for each of the local taxing agencies — the city, school district, park district, levee district and county.

Sneak Thieves Loot Homes, Auto Lockers, Tavern

The program outlined by Dr. Mann, director of the Public Administration and Metropolitan Affairs Center at the local SIU campus, was termed most far reaching than had been proposed.

Dr. Mann said the cost to the city would be \$8000, adding that expenses would run higher, but the university wants to serve municipalities in research and advisory capacities and would provide a team including professors in the fields of government. "It's necessary," he explained, "to replace them on the teaching staff with others while the survey is underway."

He said it would take about six months to do the job.

"The city is interested," he added, "in what we would term a complete government organization and operations survey."

Proposed Program
The survey would be designed to do the following:
"Describe the organization or setup of the operating units of the city and their relationship to the mayor, the council and other supervising bodies and/or persons within the city proper and other non-city governmental agencies."

Determine the organizational objectives of these agencies, assess the degrees of success (by applying accepted criteria) for cities of similar size in the achievement of these objectives, and to inventory the problems in administrative management and inter-jurisdictional relationships that prevent adequate achievement of organizational objectives.

Inventory, examine and determine the costs and agencies of service rendered to Granite City residents by agencies other than the corporate area government agencies, and services rendered to non-granite residents by city agencies and departments.

Study Reorganization Needs

"On the basis of the survey information gathered through these activities, make recommendations and findings for such items as:

GC Tax Assessment Published Today

Protests by Granite City township taxpayers, who consider their 1960 personal property assessments incorrect, may be filed through Aug. 23 with the board of review at Edwardsville. William Carson, chief deputy in county treasurer's office, said today.

A listing of taxpayers' and amount of assessment is published in a legal notice in today's Press-Record on pages 35 through 43. Still subject to revision, the Granite City assessment of \$142,908.280 will be used in preparation of tax bills in the fall of 1961.

The figure, up \$2,903,460 from last year's \$140,004,820, includes \$27,740,100 in taxes on personal property; \$12,339,000 on real estate; and \$22,140,000 on railroad. Only personal property valuation and changes in real estate property assessments are being published.

Carson said the best way to file a protest is to secure the necessary forms from an attorney, make two copies, have them notarized, and present them to the board of review prior to Sept. 1.

8 Persons Hurt In Auto Mishaps

Two autos had to be towed from the scene of a three-car crash Tuesday night on N. Main road at Hill avenue, where two passengers in one car received minor injuries, and one driver was arrested by Granite City police on four charges.

The accident occurred at 11 p. m. when Paul Ritchey, 37, southbound on N. Main, struck the northbound car of John W. Wilson, 31, who was driving on Hill avenue. Police said another auto, also heading south, rammed Ritchey's vehicle before it completed the turn. Gerald W. McClinton, 36, of 2843 Myrtle avenue, was identified as the driver of the second auto.

The impact sent Ritchey's auto across the center line and into the path of northbound Robert D. Myers, 30, of Edwardsville, police said. Injured were Ritchey's wife, Betty, 37, and her son, Stephen, 3. Both were taken to St. Elizabeth Hospital, and released after examination.

DeMontmolin was charged with driving while under the influence of liquor, reckless driving, careless driving, and driving too fast for conditions. After pleading guilty to the DWI charge and two misdemeanors, he was released before Police Magistrate Andrew Gasparovic, Jr., DeMontmolin was freed on \$500 property bond.

For his guilty plea, the DWI penalty was taken under advisement for 30 days, authorities said. He will appear for a hearing Aug. 31 on the other charges.

Five persons were given emergency treatment at St. Elizabeth Hospital about 1:15 a. m. today for injuries suffered in a motor vehicle mishap. Details of the accident were not available.

The injured, who complained of back and neck injuries were Gene Wilson, 31, of 1833 Market street; his wife, Linda Sue, 37, of 1833 Market street; and Carl Wilson, 6.

A car driven by Robert W. Wilson slid into a truck parked in the 1800 block of Madison avenue about 5 p. m. Tuesday.

Wilson, 31, who resides at 2533 Circle drive, told police he must have fallen asleep at the wheel. He was taken to the hospital and treated for lacerations and a broken arm. X-rays were taken but he was released.

The truck was owned by Roadway Express Co. of Dover, Del. The driver was James A. Flott, 44, of Chicago.

Wilson was charged with reckless driving, and posted his driver's license as bond.

2 Admitted To Hospital After Falls Yesterday
Two-year-old Cynthia Cross, daughter of Albert Cross of 526 Jackson avenue, Madison, is in "good" condition today at St. Elizabeth Hospital after she fell two stories onto concrete yesterday morning, hospital personnel said.

Also in "good" condition after falling from a motorcycle onto a ditch is Jimmie Smith, 17, stepson of Keller Henry, 51, of Sixth street, Madison. The accident which occurred yesterday afternoon, fractured the boy's shoulder. Today he is scheduled to undergo surgery when the fracture is set.

Baby Girl Dies, Twin Sister Ill

A 10-month-old Madison girl died last night, a few days after she and her twin sister began suffering apparently the same illness.

The 18-month-old Sue McClinck, daughter of Mr. and Mrs. James McClinck, 1937 Third street, died at 7 p. m. yesterday at St. Elizabeth Hospital minutes after she was taken to the hospital emergency room. An autopsy will be performed this afternoon to determine the cause of death and to aid in treating the twin sister, Velma Jean McClinck.

The little girl was born in Wood River, moving with her parents to Madison two months ago. Her father works at the H. A. Nevin Moving and Storage Co. in Alton.

Survivors besides her parents and twin include two other sisters, Betty Lou and Rose Mary McClinck of Madison; a brother, James McClinck Jr., of Madison; and the paternal grandfather, Mr. and Mrs. Roscoe McClinck of Alton.

Arrangements are given in the obituary column.

Response Poor On Disarming Program
The Army explosive ordnance squad reported today that there was very little response to the checking and disarming of war souvenirs Wednesday.

Robert Lear, chief of the squad, said, "We know they're here, but we just don't know how to get the people to realize that they are dangerous and that something could happen if they use these weapons are not checked."

Lear reported a handful of small arms was picked up from Alton and Collinsville and will be destroyed. One weapon was checked in Granite City, and none from other parts of the county.

Lear also said anyone wanting a war souvenir checked may not be able to obtain it. The services of the disposal squad can be obtained at any time.

Mr. W. Z. Barnes, 80, Dies; Ill 4 Weeks
A former 40-year resident of Granite City, W. Z. Barnes, 80, of Peach Orchard, Ark., died of a heart and kidney ailment today at 2:20 a. m. in St. Bernard Hospital, Jonesboro, Ark. He had been a patient at the hospital for the past four weeks, and was recovering from major surgery performed last week.

Mr. Barnes moved to Arkansas 16 years ago. He is survived by his widow, Mrs. Sara Barnes; three brothers, one of whom, Ernest Barnes, formerly of Granite City, now resides in Willow Springs, Mo.; three sisters; a daughter, Mrs. Sherman Brady of Chicago; a son, daughter, Mrs. Thelma Grisham, Granite City; five granddaughters; and four great-grandchildren.

Time and place of funeral services are given in today's obituary column.

Speed Ticket Halts Driver
Floyd R. Ellis, 22, of 2429 Dewey avenue, was charged by Venice police at 4:50 p. m. Wednesday with speeding at Market street and Washington avenue. Posting his driver's license as bond, Ellis was released pending trial.

More About Sneak Thieves Loot Homes

plated laundry, were taken from inside their purses. They told police the lockers were never broken into.

Taken were a green billfold belonging to Mildred Diefenauer, 2147 Peach Orchard, containing \$110 and \$125; a red wallet owned by Sophia Narup, 2116 Lincoln street, containing \$227; and a blue one belonging to Donna Hand, 1638 State street, containing \$88. The theft occurred between 7:30 and 10 a. m., they said.

852 Taken From Tavern
Thieves entered a rear window at the Wagon Wheel Club, 207 Terry street, Eagle Avenue, between 4:30 and 5 a. m. Tuesday and took about \$55 from the cash register. It was reported to county authorities.

The watchman was asleep in the room while the burglar entered the register, but heard nothing an employee at the club told deputies.

Clothing Store
While they were having dinner last night at the Rose Bowl Restaurant, 3120 N. Main road, someone broke into their auto parked nearby and stole several articles of clothing, Mr. and Mrs. Edwin Leavitt, Richmond Hill, N. Y., said.

After breaking a wing window to unlock a door, the thief made off with a man's gray wool suit, tan tweed sport jacket and matching trousers, and a woman's dark gray suit, navy blue jacket, and five dresses. They told police it happened between 10 p. m. and midnight last night.

A pry mark from an instrument approximately one inch wide was found next to the lock at Bob's Band Box Cleaners, 1414 Twenty-first street, according to Manager Melba Young, who told Granite City police someone tried to break in Monday night.

She said the mark was found at the second door from 21st street, and that the attempt had been made between 6:15 p. m. Monday and 8:20 a. m. Tuesday.

A black 1957 two-door coupe owned by Freddie E. Ward, 3001 Benton street, was stolen Monday night. It was parked on the General Steel Castings Corp. lot, the owner told Granite City police. The car was stolen between 10:30 p. m. Monday and 7:10 a. m. Tuesday.

A half-ton truck reported stolen Tuesday by owner James Kramer, 1728 Spruce street, was recovered last night by county authorities on Chouteau street road. The truck had been abandoned, they said. The owner told police the theft occurred between 10 p. m. Tuesday and 5:30 a. m. yesterday.

Mrs. Catherine Ellis, 86, Passes Away Today
Mrs. Catherine Ellis, 86, a former resident of Madison, died at 1 a. m. today at St. Elizabeth's Hospital, Belleville. She had been a patient there five days after suffering a fall at a Belleville nursing home. Friends had been under her for the past ten years. An inquiry will be held.

Born in Marshall, Ill., Mrs. Ellis was a member of St. Mary's Catholic Church, Madison, a member of St. Ann's Altar Society, and St. Elizabeth's Hospital Auxiliary. Her husband, James Ellis, preceded her in death in 1935.

Survivors include two daughters, Mrs. Walter (Myrah) Henderson of Edwardsville, and Mrs. Paul (Helen) Rainsberger of East St. Louis; a daughter, John Rosemar of Terre Haute, Ind.; a sister, Mrs. Mary Dietrich of Bowling Green, O.; three grandchildren and eight great-grandchildren.

Funeral arrangements are given in today's obituary column.

Man Taken To Hospital Three Times In Two Days
Three emergency vehicles, including the fire department, in-hospital truck, and to the 1800 block of Delmar avenue shortly before 8 a. m. Tuesday, to assist a man who had fallen along the curb. The young man had suffered an epileptic seizure, and was not injured except for a small cut, firemen said. A fireman administered first aid for the wound. Other vehicles answering the call included an ambulance and a police car.

Move To Dismiss Duly Suit Denied

A motion to dismiss an amended complaint in the tax suit of Anthony M. Daly of Alton was denied yesterday in the circuit court at Edwardsville by Judge Harold R. Clark.

Effect of the court order is that Daly's suit, as filed early this spring and amended, still is pending for a subsequent hearing on merits of the questions raised with opportunity still afforded for filing of other motions or pleadings before a final hearing.

The dismissal motion was filed by John Hoesfert, attorney for the Alton tax collector and pointed out that since 1959 taxes had been collected and disbursed to various taxing agencies, the injunction suit was "moot" so far as the Alton defendants were concerned. The defendants denied that any of the taxes levied in Alton were illegal.

The original suit filed by Daly last March 24, sought to enjoin the collection of disputed taxes in Madison county. He was named in filing the suit by William N. Hale, president of the Granite City Civic League, Atty. Edward D. Gresham of East Alton and Rodger Elble of Wood River. The suit was filed by Daly while he was a candidate for Democratic nomination for state's attorney and was unsuccessful in the bid against incumbent Dick H. Mudge Jr. Today the suit was unsigned in the court at Edwardsville by Judge Harold R. Clark.

Garbage Throwers
Boys throwing garbage onto a back porch at 2240 State street were reported to Granite City police about 9 p. m. yesterday. Police checked the location but were unable to locate the boys.

Careless Driving Charge
Arrested by Granite City police for careless driving at 22nd last March 24, seeking to enjoin the collection of disputed taxes in Madison county. He was named in filing the suit by William N. Hale, president of the Granite City Civic League, Atty. Edward D. Gresham of East Alton and Rodger Elble of Wood River. The suit was filed by Daly while he was a candidate for Democratic nomination for state's attorney and was unsuccessful in the bid against incumbent Dick H. Mudge Jr. Today the suit was unsigned in the court at Edwardsville by Judge Harold R. Clark.

Mrs. Elizabeth Finck, 65, Dies Early Today

Mrs. Elizabeth Finck, 65, a local resident for 35 years, died of a heart condition about 1:40 a. m. today at St. Elizabeth Hospital, where she had been a patient for a week. She had been ill 13 years.

Mrs. Finck, whose husband, Adolph died in 1946, had been employed as a cook at the Sacred Heart Parish rectory. She also had worked in the hot lunch program at the parochial school. Mrs. Finck, a native of Villa Ridge, Mo., resided with a daughter, Mrs. Bert (Cecilia) Waltenberger, at 2754 Washington avenue. She was a member of Sacred Heart Church and the Altar Society.

Other survivors include three sisters, Mrs. Michael (Cecilia) Perkins and Mrs. Vincent (Ann) Brinkman, both of Granite City; and Mrs. Arthur (Rose) Hall of St. Louis; and a brother, C. E. Schenck of Overland, Mo.

Funeral arrangements are given in today's obituary column.

President William Henry Harrison had 10 children, the most of any U. S. President.

Spengler Oil Downs State Champs At Monticello

Spengler Oil staged a dramatic last inning rally at the Class "A" Illinois state softball tournament in Monticello last night, scoring five runs in the bottom of the seventh inning to turn back the defending champions, Peasur Merchants, 5-4 in a first round game.

Trailing 4-0 going to bat for the last time, the Granite City team loaded the bases on a fly fielder's choice and error with nobody out. Paul Schuler drove the second walk of the inning, forcing in the first Spengler run.

Catcher Walt Wilson followed with an important two-run double to make the score 4-3. Merchants.

Mary Brokaw followed with a fly ball to short field which was caught. Schuler tagged up and scored after the catch and when the throw to the outfield from the outfielder was lifted and over the screen Wilson was able to score all the way from second with the winning run.

Bob Johnson started for Spengler and went six innings. Ray Hoffman relieved him in the seventh after Johnson was lifted for a pinch hitter, and was credited with the victory.

Spengler's next game is with the winner of Friday night's Quincy-Peoria first round game. The local squad plays Saturday at 9:30 p.m.

Bethel Takes Lead In Slow Pitch Loop Playoff Series
Bethel community took a 4-0 lead in the best two-out-of-three slow-pitch softball playoffs last night by scoring a smashing 21-8 upset victory over City Auto at Wilson Park.
Bethel collected 21 hits in the winning game, being set down in order only once.
The winners started their walkway in the 4th inning with runs, then piled up 10 more in the last three innings.
Losing pitcher Steve Hardesty went all the way for City Auto, and Verna Deutschman was behind the plate.
Don Burlingame went all the way for the win, and Dave Hessel did the catching. The second game of the playoff is scheduled for Friday night at 7:30.

City Auto Repair staged its second big inning in two games Monday night, rallying for 11 runs in the sixth frame to defeat VFW Post 1300 in the first round playoff, 21-8.
Bethel Community won the right to meet City Auto for the league playoff title by squeezing past Nemo's 7-6 in Monday's first game.

Trailing 8-6 as the sixth inning began, City Auto sent 10 straight batters to the plate before the win was retired, and batted 15 players in the frame while scoring 11 runs.
Ed Hessel hit a three-run homer for Bethel in the first, then doubled with one out and the score tied in the bottom of the seventh, and scored the winning run on Powers' follow-up single.

Rick's Clutch Undefeated Season, Down Bombers 9-2
Rick's Market finished the season undefeated, last night scoring an easy 9-2 victory over the Bombers for the teenage league playoff championship.
After a leadoff homerun by Glenn Sprinkle, Bob Hoffek set the Bombers down with only 4 hits and one run, and chipped in at the plate, with 3 hits.
Rick's never in serious trouble, picked up two runs in the first, on singles by Hoffek, and a double by John Grabowski.
Bill McDowell hit a homerun for Rick's in the fifth with no one on.

Rick's picked up ten hits, off losing pitcher Sarkis Nigophosian, who went the route. Larry Todorkoff caught for the Bombers, and Bill Scarsdale was behind the plate for Rick's.

Hit-and-Run Accident
A hit-and-run accident was reported to Granite City Police yesterday in the 2100 block of Iowa street by Cletus W. Schan, of Ofallon. He said a late model auto damaged the left front door of his auto while parked facing north on Iowa street. The accident occurred about 10 a.m.

New Glass Backboards For Venice HS Cagers

Venice and Lincoln high school cagers will find their courts equipped with glass backboards and new basketball hoops when they report for practice late this fall.

Monday night the Venice school board approved the purchase of five of the backboards, two each for the gyms at Venice and Lincoln high schools, and a fifth to be used as a replacement spare.
Cost of the backboards is \$180 each, according to Supt. John O'Pier, who said "all the sporting goods companies contacted gave us the same price." The decision on the purchase was left up to the superintendent by the board.
The only additional cost will be \$30 for four new basketball rings, which are necessary when the new backboards are installed. Both high schools currently have metal backboards in place on their basketball courts.
Granite City and Madison high schools have employed the glass backboards for the past several years, as do most high schools in the area.

Pier said the installation of the boards is not complicated and can be done by members of the schools' custodial staff. The metal backboards will either be re-erected on the outdoor school playgrounds or turned over to the Venice park district.
The \$880 total purchase price will be paid from the school district's athletic and revolving fund, which currently has a balance of \$108.
Pier was of the opinion that the glass backboards might play a small role in improving the records of the two Venice teams, at least in away from home games.

"Lynch (Stanley Lynch, coach of the Lincoln Rams) told me last year that one of the reasons he didn't win a Christmas tournament was that his boys just couldn't get used to glass backboards after playing most of their games using the metal ones," Pier said.

Gean Harris, 47, Dies This Morning
Gean Harris, 47, of 912 State street, a Madison resident for eight years, died in his sleep today at 6:25 a.m. at St. Elizabeth Hospital. He had been ill four months.
Born in Middleton, Ark., Mr. Harris lived in Flint, Mich., and St. Louis before moving to Madison in 1952. He was employed for 11 years as foreman of the street maintenance department of Laclede Gas Co., St. Louis.

He is survived by his wife, Mrs. Jammie Harris; five sons, Stephen, Jesse, Kenneth, and Michael all of Granite City; and Gean Harris Jr., of Granite City; two daughters, Patricia Harris of Granite City and Mrs. Jay (Janet) Hobbs of Columbus, Ga.; a sister, Mrs. John Verna Doty of Granite City; and three grandchildren.
Funeral arrangements are given in today's obituary column.

Renew Special Education Program In Madison Schools

Special educational services for students in the Madison public school system similar to those made available last year were approved for the 1960-61 school year Tuesday night by the Madison board of education.

Included on the special educational staff was a visiting school counselor, a teacher for home-bound students and two speech correctionists. The board also authorized Supt. Wensel Brown to make application under Public Law 874 and the National Defense Education Act for federal aid funds and to act as the school district's authorized representative in both instances.

Brown told the board that notices of the first of several tax settlements have been received from the office of Venice Township Tax Collector Frank Tealier Jr. Amounting to 31.78% of the total to be collected as allotted to the school district, the sum is about \$200,000, Brown said.

Hesting units are currently being installed at the new Blair and Harris grade schools, it was noted in a construction progress report. Playgrounds at both locations are being prepared, and several rooms at the schools were listed as ready for classes. "The buildings are very optimistic that the schools will be ready by the end of the month," Supt. Brown told the board.

Public Meeting Soon On County Health Dept.

A public meeting on the proposed Madison County Health Department will be held soon, probably in the first part of September, it was decided last night at a meeting of the health department's steering committee in the Koch building.

Reporting on petition-signing for the program, Dr. Felicia Koch, co-chairman of the committee, said 10 county townships have already turned in petitions signed by 10% of their registered voters. Others, she said have secured their quotas of 5% and are still registering signers.

"It seems reasonably certain the number of petition signers will be over the 5% of the registered voters in each of two-thirds of the townships required by law," she added.
"A county health department will entail a slight additional tax, about \$120 per capita annually. Voters in counties having the service agree that values far exceed costs. The State Department of Public Health pays 25% of the bill."
"It seems likely that the annual levy for services in Madison county will not exceed .025 percent or one-half of the statutory limit (.05) percent for many years," Dr. Koch stated.
Possible under the program are maternal and child health services, sanitation, communicable health education, public records, dental health and services for the aged, the committee explained. Educational and preventive services are available to everyone in the county regardless of financial status or residence.

Milton Morris, co-chairman of the committee, announced that the Venice Lions Club recently endorsed the health program. Harold K. Fuller of the State Department of Public Health said.

Three-Day GC Open Tennis Tourney Begins Tomorrow

Pairings In 11 Divisions To Be Made Tonight; 1st Matches Set For 9 a.m.

The first round pairings of an estimated 200 entries in Granite City's first annual open tennis tournament will be drawn up late tonight by tournament officials, Ron Underwood, chairman, said today.

The meet is the first of three which will be conducted on the Wilson Park courts within the next three weeks, and is expected to draw the largest number of participants of any tennis tourney held in Granite City. Underwood estimates that over 100 individuals will compete in the event, which begins tomorrow morning and runs through Sunday.

Meet hopefuls have been practicing on the Wilson Park layouts all week to familiarize themselves with the courts, which were recently renovated and are described as being "in top shape" by Harold Brown, park district recreation director. The park is sponsoring the tourney in conjunction with the Granite City Tennis Club.

The first volley of the tournament is scheduled at 9 a.m. tomorrow in the boys' 15 and 13, girls' 18 and 15 and junior divisions. The men's singles competition begins at 1 p.m. Quarterfinals begin at 9 a.m. Saturday and semifinals at the same time Sunday. Finals in each of the 11 divisions will be played Sunday afternoon and evening.

Players have until 7 p.m. today to register for the tournament and may do so by calling Underwood at TR. 6-8245 or Alvin Barnes at TR. 6-1468.

Chief referee for the meet is Bob Toburen. Matches will be played under U. S. Lawn Tennis Association rules, and the tournament is sanctioned by that organization.

Thirty-four trophies will be awarded at the tournament's conclusion. The 11 divisions of the tournament include men's singles and doubles, junior singles and doubles, girls' 18 singles and doubles, girls' 15 singles and doubles and boys' 13 singles.

The local open marks the first time that girls' divisions have been included in a Granite City tennis tournament.

2nd Bus Planned For Trip To UI

Homecoming Game

The Granite City park district hopes to fill a second bus with football fans for a trip to the University of Illinois homecoming game with Ohio State on Saturday, Oct. 8 at Champaign.

Hard Recreation Director Harold Brown said today.

All seats on a first bus — 52 of them had been spoken for — and the game tickets have been ordered. Eight places on the second bus are sold, but unless the entire 52 seats are taken the second bus will be cancelled, Brown added.

The price for the trip is \$11 per couple, includes two-way transportation and breakfast at a stop on the way to Champaign. Reservations may be made by calling the park district office at TR. 7-3059.

TAKING TIME OUT from afternoon practice sessions this week, hopefuls who plan to enter the Granite City Open Tennis Tournament inspected a few of the 34 trophies which will be awarded at the tourney's completion Sunday. Tournament chairman Ron Underwood holds the meet's biggest award, destined to go to the winner of the men's singles event.

Houston Gets GC Court Ace Bobby Price

Bob Price, the Madison transfer student who made up one half of the out-court duo which helped Granite City's Warriors to the quarter-final round of the state high school basketball tournament this spring, will attend the University of Houston on a basketball scholarship.

The 6-1 redhead, who is employed by the Granite City park district this summer and played Ban Johnson ball, bypassed athletic scholarship offers from eight other schools, including Milikin, the University of Illinois and Southern Illinois University.

Price lettered in basketball and baseball for three years at Madison high school, and in both sports again during his senior year at GCIS. He is the only high school athlete from this area who had the distinction of playing in the state basketball tournament for two schools in consecutive years.

The stocky athlete, who played first base and pitched for the Warrior baseball team this spring, sparked Madison all the way to Champaign at the close of the 1958-59 basketball season.

In awarding the coveted scholarship, Houston officials at once considered Price's baseball ability. The independent Texas school produces highly regarded diamond squads each year, and also tackles major competition on the hardwoods.

Price, who graduated in June, is the son of Mr. and Mrs. Arvel Price of 2674 Iowa street.

2nd Place Baptist Playoff Spot Won By Meadow Heights

Meadow Heights won the right to act as the second place team for post-season playoffs in the Baptist Slow Pitch Softball league Tuesday night at Lee Park in Venice by defeating Suburban 17-4 behind the six-hit pitching of Bill Randolph.

The two teams ended the regular season last week in a tie for second place behind loop winner Grace. Each had recorded nine wins and suffered three setbacks.

A second scheduled game between Second Baptist and First Baptist, who were tied for last place, ended with a double forfeit.

Meadow Heights teed off against loser Paul Hopper with 21 hits, including home runs by Richard Matt, Jim Cuff and Jerry Bateman. Matt's shot was good for three runs. Junior Martin and Fred Alley had a pair of doubles each for the winners, while Ray Wayne had three hits in three trips. Roy Watson caught for Meadow Heights.

Bill Crabtree blasted a two-run homer for Suburban. George Cook had a pair of doubles and Bruno Nicolli one two-base hit. Charles Lyerla worked behind the plate for Suburban.

Tonight at 7, Grace meets fourth place Emmanuel and Meadow Heights plays Suburban at 8:15 in the first playoff games. The winners advanced to the finals, to be played at 7:30 p.m. next Tuesday at Lee Park.

To Be Honored Here

Giant Coach Parker Says 'Scrappy' Bucs Will Cop National Loop Flag

Granite City's gift to the San Francisco Giants, third base coach Salty Parker, does not think the recent migrants to the west coast have much chance for the National League flag this season, but you would not know it from the way the transplanted New Yorkers have looked against the Cardinals in their current series.

Parker, looking tanned and trim, was in town this week to help make arrangements for "Salty Day" in his honor at Busch Stadium on Sept. 17 and a banquet at the Granite City senior high school cafeteria the previous evening.

The Giants stayed in St. Louis much to the chagrin of Cardinal fans, and were well on their way to winning the current series and dropping the Cards back into the second division at this writing.

"It looks like the Pirates this year," said Mr. Parker, agreeing with just about every other senior fan "expert."

"They have a real scrappy ball club and this year they've done anything and everything to beat us. We've got more power, but they keep scratching for those runs," said the man who has been a part of organized baseball for 30 years.

Right now the Cardinals are more concerned with the Giants than the Pittsburgh club, and so are most fans, including those from the Quad-Cities.

Realizing this, general chairman of the activities to honor Parker, Willard "Butch" Portell, has arranged with Salty for the appearance of five members of the San Francisco team, plus Bill White and Ernie Borgella of the Cardinals, to be on hand at the local banquet.

Included are Jim Davenport, Joe Amalfitano, Willie McCovey, and bullpen coach Bill Pospisil, this area.

Proceeds will be used to purchase a number of gifts for the former minor and major leaguer who took to the coaching and managing trail in 1957 after leaving his shoulder at Indianapolis in a game, and rumormongers have it that among the gifts will be an automobile.

"Salty Parker Day" will be staged just prior to a single game the Cards and Giants have scheduled in Busch Stadium on Saturday afternoon, Sept. 17. Cardinal announcer Harry Carey will act as master will be offered by Granite City Mayor Leonard Davis. About 350 tickets to that game, all in the same block, will be offered local Parker boosters, with persons attending the banquet the previous evening having first choice.

Parker's mother and wife also will be guests at the game. Tickets for the GCHS testimonial can be obtained at the Pat Rich Oil Co., the Madison and Venice police stations, Trovati's Cafe, Fleishman's Men's Wear, the Granite City mayor's office, Granite City park district office, Van Busch's Market, Graham's Book Store, First Granite City Savings and Loan, Granite City Bowling Lanes or Ruelier's Barber shop.

BASEBALL BULL SESSION took more time than did the planning of a "Salty Parker Day" for San Francisco Giants' third base coach Salty Parker (third from left) when the Granite City native visited here this week. From left to right are banquet chairman Harold Portell, Parker, and Mayor Leonard Davis, who will speak at ceremonies honoring the former major leaguer prior to the Sept. 18 Cardinal-Granite game in St. Louis.

Rainey Crawford Signs Cardinal Baseball Contract

Rainey J. Crawford Jr., son of Mr. and Mrs. Rainey Crawford, 402 Slough road, Venice, this week signed a bonus contract with the St. Louis Cardinal baseball club and was assigned to a farm in Canada. The amount of the bonus was not disclosed.

The athlete, who starred in basketball and baseball at Lincoln high school in Venice before his graduation in 1958, will enter his junior year at Southern Illinois University in September. He is majoring in chemistry.

Moose Upsets Rome & Roy's 4-3 In Class 'B' League

Rome and Roy's maintained a slim, one-half game lead in the Granite City park district Class "B" Softball league today after suffering a 4-3 defeat at the hands of Moose Club 272 Tuesday night, but the margin could vanish tonight as contenders for the title see action at Wilson Park.

Na-Bor-Hood Cut Rate Liquors remained hot on the heels of the leaders with a 4-1 win in the second game played here Tuesday night, and engages Moose Club in the second of two games tonight. Rome and Roy's will oppose Modern Exterminators in the first game, with an Exterminator win tying that club for the league lead.

Modern has tonight's one game remaining on its regular season schedule, while three teams which are all considered contenders — the Exterminators, Na-Bor-Hood and Moose Club — play twice before the season ends.

Rome and Roy's scored all three of its runs off winner Neal Melton on the third as the result of two singles, two errors and a walk. Moose picked up two allies in the second on Rich Briggs' double, a stolen base, fielder's choice and an error, then tied the score in the fifth on Jess Ybarra's triple and a wild pitch. Oren Harrison relieved Bill Page for Rome and Roy's in the sixth and gave up the winning tally on Briggs' single and Henry Scott's double with one out.

Na-Bor-Hood scored once in the second without benefit of a hit, then added three important tallies off loser Ken Mitchell in the third. Three singles, two errors, a hit batsman and a walk produced the deciding runs.

Council Battle Brewing Over Location of Animal Shelter

Relocation of the proposed type of building we have planned, property values in the area won't drop."

Nonn said, "and he asked for the council to hold up on this until he can get it up for passage. I'll defer action."

The mayor replied he was expecting a large delegation of First Ward residents to appear to protest the proposal, and pointed out that in courtesy to Schmittou he would not call for a vote. He added that he probably would not be present at next week's council session, since he was planning to go on vacation.

"Remember," he said, "the people criticizing this the most are two or three blocks away from the site. If I thought the animal shelter would hurt them, I'd be the first to object."

The mayor distributed photographs of the site and an architect's drawing of the proposed shelter building. "This is an attractive building — one that any area could be proud of."

Cost Down \$19,000
Alderman Donald Partney explained the shelter was originally proposed to cost \$25,000, but through a donation of a site and cooperation of labor unions, the cost could be pared to \$6,000.

If we don't get a free site, it would be impossible to build. The unions wouldn't donate their time."

First Ward Alderman Frank Nemeth, protesting the mayor's proposal, said, "Why put it in the First Ward? The people there signed petitions objecting to the dog pound. Why don't you dump it in some other ward?"

A suggestion by Alderman Steve Barschak was to locate the shelter just to be located on the end of the city.

Mayor Davis called upon Mrs. E. Chapman of the Citizens' Animal Shelter Board. She appealed for council cooperation. "We've worked on this for three years, and the city urgently needs an animal shelter," she said.

Pupil Registration Underway In Local School Districts

Public school registration in Madison began this week and will continue through tomorrow. The morning sessions which will continue tomorrow from 9 a. m. until noon. Students enroll at the schools they will attend during the year with the exception of youngsters planning to attend Harris or Louis Barbers on Tuesday, sophomores on Wednesday and freshmen Thursday.

The times will be 8 a. m. until noon and 1 p. m. until 3 p. m. and Supt. John Pier asked that new students and freshmen pick up forms for a physical examination when registering. New students are also asked to present their last year's report cards from other schools.

Kindergarten enrollment was held in the Venice and Lincoln grade school principals' offices today, and grade school pupils will register on the first day of school, Aug. 29.

Madison schools, which will begin the same day, began registration today.

MORE ABOUT

Traffic Expert

(Continued from Page 1)

"You have two men who make accident predictions, and in going over the system with them I find it's the best prediction study I've ever seen in this state. Your police know the traffic situation and are vitally interested."

"Granite City's economic loss through traffic fatalities is \$1,500,000 a year. Last year you had two traffic deaths in the city limits, but statistics show 16 Granite Cityans are killed in traffic mishaps each year, most of them someplace else, but remember, driving habits and patterns learned here might be responsible for those deaths elsewhere. In recommending an increase in the size of the police department, I realize you'll ask, 'where's the money coming from?' so I say, look at your economic loss through traffic deaths."

Need Traffic Engineer
"Granite City urgently needs a traffic engineer. You're lacking entirely in this category. You need such an expert to determine and correct danger spots, aid the flow of traffic and set up parking zones. The next time I come here, I hope it isn't on a day you change your entire downtown traffic pattern," he commented.

Court Rated High
The city's highest rating was for traffic court activities. "It's a very good score. Your court is being handled with dignity and demands respect. I recommend,

Gas To Replace Coal For Garesche Heating

Installation of gas heater units in the Garesche Homes apartments will begin about Sept. 1.

Director D. F. Branner announced today, following the opening of bids on the installation Tuesday. The contract will be signed at the beginning of next month for the replacing of present coal furnaces with the new gas-fired

space units in the housing of 81 apartments in the east of the development, Branner said. Low bid of the four presented was from Westborough Sheet Metal Co., East St. Louis, \$21,047.

Other bids were from Tri-City Heating and Air Conditioning, Granite City, \$22,925; Saline County Tin Shop, Eldorado, Ill., \$29,520; and Alton Bottle Gas Co., \$33,867.

Among other improvements completed at the homes, Branner

reported, are outside painting of the apartments and blacktopping of the playground area.

Boys Create Disturbance
Granite City police answered a report of boys creating a disturbance at an excavation on East 23rd street at Lee avenue at 10 p. m. The boys were contacted and sent home.

Have reasons for your actions. Then you won't need excuses.

Other Madison officials attending the presentation in the city hall room were: Demos Nicholas, treasurer; Emil Ulanowski, Raymond Kozielek, Richard George, Steven Kelly, Booker Walton and John Haynes, aldermen.

PLANNING SESSION FOR PACK 91

Cub Pack 91, sponsored by the Nameoki Presbyterian Church, held a 1960-61 planning session Tuesday evening at the church on Pontoon road. The new Cub scoutmaster, Willis Shepard, was in charge of the meeting with twelve parents attending. Shepard explained to the new parents attending their first meeting that cubscouting is a boy and parent endeavor with den mothers doing the weekly leading and parents doing the monthly leading at the pack meeting. The boys work for their parents and the den mothers and receive their awards at pack meetings which the parent or parents must attend in order for the boy to be given the award. He explained that the pack committee, which is made up of the parents, and announced that Ben Lamm, assistant cubscoutmaster, Omar Runk, Ernest McDonald, Lewis Causey, Floyd Bell, Mrs. Vyviane Durbin and the den mothers which are appointed comprise the committee for Pack 91.

Kenneth Cardwell was appointed chairman of the window display for Boy Scout Week, Feb. 7 to 13. Mrs. Cardwell was also named to this committee and two others will be appointed at the September committee meeting which will be on the third Friday of every month. A special meeting will be held on Friday August 26 to plan for the September pack meeting which will be held in the cafeteria of Nameoki school.

Tentative plans for a tour of the city hall and the new fire station are planned for this fall, as one of the themes for the fall months is citizenship.

Those attending the meeting were Mr. and Mrs. Lamm, Mr. and Mrs. Courtland Lybarger, Mr. and Mrs. Ernest McDonald, Mr. and Mrs. Charles Pool, Mr. and Mrs. Cardwell, Tom Harmon, Shepard and Mrs. Durbin, Jeffery Lybarger, Bary and Debbie Cardwell, and David, Dennis and Linda Pool.

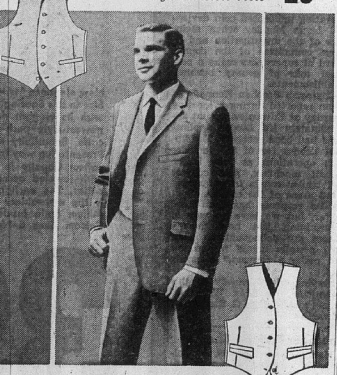

SPECIAL CIRCLE MEETING

The Helen Lambert and the Ruth Ford Circles of Emanuel Baptist Church on Pontoon road held a special meeting Monday evening at the home of Mrs. Stanley Manning, 1717 Bremen ave. The study lesson of the evening was taught by Mrs. Ina LeGrand, was from the book "Women's Missionary Union" and gave the history of the founders of the Missionary Union. After the lessons officers for this Missionary Union were voted on. A late dessert course was served by the hostess to Mrs. Elsie Badgett, Mrs. Betty Clark, Mrs. Harriet Brown, Mrs. Betty Cartleton, Mrs. Stella Lewis, Mrs. Helen Hamm, Mrs. Barbara Smith, Mrs. Wanda Atwood, Mrs. LeGrand, and Mrs. Izetta Mahurin.

BALL TEAM, FAMILIES HOLD PICNIC IN PARK

The Davis Blue Bombers ball team and their families enjoyed a picnic at Wilson Park this week.

After the meal the manager, Don Setz, displayed the batting average of each player so that the parents of the boys would know what had been accomplished and introduced the coaches, Lyle Jones and Melvin Gray and the scorekeeper, Al Tinker. During the afternoon the fathers, versus the boys, took part in a ball game with the fathers winning 8-5. Mrs. Gray and Mrs. Jones served as umpires. Movies were taken of the day's activities to be shown at a later date.

Those participating were Mr. and Mrs. Robert Moldgin and son Kenny, Mr. and Mrs. Wally Lewis and daughter Cheryl Kay, Mr. and Mrs. Jones and son Buddy, Mr. and Mrs. Tinker and son Eddie, Ronny and Larry, Mr. and Mrs. Gray and family, Vivian, Betty and Gerald, Mr. and Mrs. Russ Lockridge and sons Vance and Vernon, Mr. and Mrs. Edward Coodley, Mr. and Mrs. Gerald DeMontmoulin and sons Jimmy, Johnny and Lynn, Mrs. Sharon Hawk and son Chuck, Kenny Willmott, Mr. and Mrs. Lester Sullivan and children Shirley, Linda, Brenda, and Dwayne, and Mr. and Mrs. Seitzer and children Denise, Danny, Kenny and Keith.

HOME BUREAU UNITS PLAN CARD PARTY

The three Home Bureau Units of Granite City, the Trio Unit, Granite City and Isabel Bevier Units, held a planning session Tuesday morning at the home of Mrs. Myrtle Hickman, 45 Terrace Lane, to make plans for a card party at the Granite City Engineering Depot on Tuesday evening, Sept. 27.

Mrs. Hickman and Mrs. Angie Brown were appointed to make the arrangements for the affair and to report back to the committee at a meeting early in September at the Hickman home.

It was also announced that the Isabel Bevier Unit will hold their annual family picnic on August 25 at Wilson Park. Members of the three units attending the meeting were Mrs. Norma Jean Ross, Mrs. Brown, Mrs. Lester Davis, Mrs. Shirley Schilling, Mrs. June Lux and Mrs. Lorraine Highlander. The hostess served a breakfast dessert to the attending members.

FALL PLANS MADE FOR PACK 22

Cub Scout Pack 22, sponsored by the Frohart PTA, met Monday evening at the home of Mrs. Mary Tarpoff, 1609 Clark ave. to make plans for the Sept. 27 meeting of the Pack.

Plans call for a roll call of the cub scouts, games by Dens Six and Nine and refreshments by Dens One and Eight. George Gulka, Cubscoutmaster, showed the goodwill certificate received as part of the Fifty-fifth Anniversary program of the Boy Scouts. Mrs. Tarpoff was elected chairman of the den mothers.

The next den mothers meeting will be Sept. 19 at the home of Mrs. Betty Skirball, 2046 Delmar ave. A roundtable meeting will be held Sept. 6 at Wilson Park.

CRADLE SHOWER

Mrs. Vincinetta Taylor was honored with a surprise cradle shower in her home 3000 Dale avenue, Monday evening by her mother, Mrs. Alice Whittaker, and her sister, Mrs. Jo Ann Kaler. The gift table was centered with a large white stork from which pink and blue streamers hung covering the array of gifts. Games were played with Mrs. Esther David, Mrs. Vera LeMaster, Mrs. Phyllis Smith and Mrs. Betty Stearns the winners. The hostesses served a late dessert course to the winners and to Mrs. Peggy LeMaster, Mrs. Cathy Melvory, Mrs. Lu Wayne, returned late Sunday from a vacation trip to Bagwell Dam, Independence and Kansas City, Mo. They were accompanied by Mrs. Kaler's mother, Mrs. Alice Whittaker, and visited relatives of Mrs. Whittaker, the Curtis Poppers, in Kansas City and also at Fort Osage.

Venice Library Board To Make Bid Decision

Venice Library Board President Frank De Witt said today that three bids submitted to the board for the construction of a library annex, auditorium, and stage exceed allocated funds and in his opinion, will be rejected when the board convenes for its regular meeting in September. Construction bids received by the board were in the amounts of \$39,000, \$38,000, and \$37,000 while funds budgeted for the library annex and renovation are limited to \$30,000.

De Witt, recently returned from vacation, said that no formal decision had been reached in the matter as yet, but felt that action would be taken when the group reopens the discussion at its next meeting.

Original construction plans, drawn up by a St. Louis architectural firm, called for building an additional room at the rear of the library, 325 Broadway, plus general alterations including plumbing and electrical work. Omitted were heating and air conditioning work, which the library board decided would be carried out at a later date.

Local Boy Selected For Poster At State Fair

A small Granite City boy who is totally deaf has been selected to represent all children with hearing problems, and is featured on a descriptive poster being displayed at the Springfield State Fair.

Joseph F. Smoot, 7, son of Mr. and Mrs. Franklin T. Smoot, 2605 Jerden avenue, was selected by the state Division of Special Education for the honor. The poster will remain in the special education section at the fairgrounds through Sunday.

In his third year at the Illinois School for the Deaf, Jacksonville, Joseph's main interest these busy days is his bicycle, relatives said. Next to that, in any order, toy airplanes, cars and marbles.

Mr. and Mrs. Pat Carson, grandparents of Joseph, plan to travel to Springfield this week-end along with the youth and his parents to view the poster.

Would-Be Safe Cracker Held At Edwardsville

Bryan C. Stone, the would-be safe cracker who was captured here Saturday evening after his third attempt in two days to loot a safe, was taken Monday afternoon to the county jail at Edwardsville.

A state warrant has been served charging burglary, and bond was set at \$5000 after Stone waived a preliminary hearing before Police Magistrate Andrew Gasparovic Jr.

Stone, 28, an ex-convict, was captured by Granite City police two blocks from where he made his third safe attempt at the J. Newberry Co. store. A description had been furnished police minutes before by the store's manager.

Stone surrendered without a struggle.

He had been released Aug. 8 from Menard State Penitentiary after serving a sentence for burglary in a daycare here in 1956.

The other safe-cracking tries were made last Friday morning when he admitted to police, were at Massey Dairy, 20th street and Madison avenue, and Western Auto Supply store, 20th street and Grand avenue. Stone also told police he had made several unsuccessful attempts to force entries at businesses here on the day he was released from prison.

Granite City's Master Plan

Drainage System Survey Nearing Completion Here

A survey of the existing storm water drainage system in Granite City is now 90% completed. Edward Juneau, civil engineer with Sheppard, Morgan & Schwab, told a meeting of the Citizens' Master Sewer & Drainage Committee Monday afternoon at the YMCA.

The group, directed by G. W. Hoelscher of East Side Manufacturers Association, is seeking to promote a master sewer relief system. The present survey is essentially to determine points of overloading that exist now.

Beginning the latter part of this week, the committee will conduct interviews with area industries to evaluate the amount of waste the plants pour into the storm water system. Allowance for future growth will also be considered. Granite City Steel Co. will be the first industry visited by the committee for this purpose.

"It's a matter of forecasting," Juneau said. "We must decide from the interview for the next 20 years. Most plants know where they're going that far ahead, and they should tell us if we do a good job."

Some 25 million gallons of industrial waste now flows into the system each day, Juneau pointed out.

Plant Waste Disposal

But industrial waste will not necessarily go into the proposed system, the engineer maintained. Some present industries may build their own disposal systems, especially plants with high amounts of waste. Other smaller plants, he said, may continue to

use the city system.

However, all this is still tentative, Juneau continued.

"At this stage we've investigated with field parties the existing system. We know the inlet areas," Juneau said, "we know the topography of the ground. We have photos helping determine coefficients of runoff to find out how much water gets into the sewer in a five-year period. From that we'll develop a table to pinpoint spots of overloading."

By using magnetic dip-needle compasses, the field team has located and uncovered all but a few isolated manholes in the present survey, Juneau said. Some of those remaining may be covered by several inches of concrete.

Teams Enter Trunk Sewers

This week, accompanied by a photographer to record their findings, teams will enter the main trunk sewers, the engineer said. The remaining field work will be scheduled so as to take advantage of the Labor Day weekend when most local industries will be shut down.

Work also is progressing on preparation of a topographical map showing existing sewer lines, the committee was told. The map, traced on a new plastic-type overlay, was originally prepared from recent aerial photographs.

When completed, it will show fringe areas of the city, plus contours at two-foot intervals of the entire fringe area. Existing lines will be shown, with location, elevation, and all information with reference to particular manholes. The map will be kept as a permanent city record at the city hall.

Industrial Waste Problem

A. W. Morris III, of Morris Realty Co., asked if some areas would exist where treatment of industrial waste could be made more cheaply than others.

He said that although the present committee is not dealing directly with pollution abatement, the cost of waste treatment must be determined in advance because it might be the biggest cost of all.

"What we must show," Morris added, "is that it will make no difference where industries locate in the future, because the cost will be the same because their wastes must be treated. Any industry wherever it starts from scratch must pay to come into our system, or else build their own."

Chairman Hoelscher agreed, emphasizing that all this would be considered when the time came. The interviews with area industries, to determine their plans, are a prerequisite for doing anything along these lines, he pointed out.

"They (industries) may end up with us," Hoelscher said, "but when we won't know their plans until we talk to the plants. Granite City Steel Co. is definitely going to build its own outlet. If set up on a revenue basis, they'd definitely pay a large amount of the cost."

Estimates for cost of the proposed system are still in the future, depending on factors not yet determined. But Engineer Juneau said earlier that unofficial "guesstimates" have ranged from five to 10 million dollars. Eventually, the committee will present the final plans to the city council for action.

County To Crack Down On Unlicensed Devices

A crackdown on establishments operating unlicensed coin devices will begin Monday when members of the investigation and license committee of the county board of supervisors make a personal tour of county business establishments.

Chairman Stephen Kennedy of Alton reported during a meeting Tuesday at Edwardsville that approximately 100 license applications had been received. The annual license fee of \$25 includes such operations as juke boxes, pinball machines, golf courses and trailer courts in unincorporated areas of the county.

"The response has been good so far, but we have no way of determining just how many places are delinquent on their 1960 permits unless we go out and make a canvass," Kennedy said.

Serving with Kennedy on this committee are Max Weber of Harnel and William G. Straube of Edwardsville.

Improper Parking Charge

Harry Elmer Ebe, 58, of Collinsville, received an arrest notice by Madison police Tuesday afternoon on a charge of parking his car on the wrong side of 10th street. Posting his license as bond, he was released pending a hearing Friday evening.

GC Youth Arrested After Glen Carbon Accident

A Granite City youth was arrested following an auto accident one mile northwest of Glen Carbon Monday night, which county authorities said caused "considerable damage" to the other vehicle.

Gale E. Lockhart, 16, of Rural Route One, was charged with reckless driving and speeding after colliding with an auto driven by Ronald L. McCormick, 24, Collinsville. Authorities said Lockhart was traveling too fast for road conditions and lost control of his car.

The accident occurred on Meridian road about 8:45 p.m. Monday. The youth was released to appear for a hearing at a later date.

FLOYD BELL, whose appointment as a fire department captain was confirmed Monday night by Granite City council members, Capt. Bell, who lives at 1725 Spring avenue, is a 10-year veteran of the department. His appointment was made to fill the vacancy in the officer corps, created when Assistant Chief Curtis Donley was assigned to training and inspection duties. Capt. Bell is currently assigned to the Nameoki station.

Prowler Reported

A prowler was reported to Granite City police at 2610 Poplar street, at 11 p.m. Monday. Patrolmen answering the call checked the area but were unable to locate anyone.

State Ok's Two GC Streets For MFT Improvement

State approval was received Monday night by Granite City council members for two street improvement projects to be carried out with motor fuel tax funds.

The improvements are for a \$30,000 paving project with curbing on Indiana avenue between Benton street and St. Paul avenue and a \$40,000 paving and curb project on Ralph from East 27th to 29th street.

The state stipulated a width of 34 feet for Ralph street, if on-the-street parking is to continue, or a 30-foot width if it is to be prohibited. A 34-foot width would necessitate some curb removal.

The projects were referred to the city engineer.

Resolutions requesting the state highway department to approve motor fuel expenditures on two other streets were placed on first reading. They are in West Granite and call for paving and curbs on Leyden avenue from Cayuga to West 22nd street at an estimated cost of \$10,000 and West 22nd street from Rock road to Leyden avenue at a cost of \$50,000.

Alderman Walter Nunn's request for replacement of an additional 350 feet of curb during the Cayuga street resurfacing project at the unit price for previously authorized curb work was approved. Mayor Davis said he inspected the curbs noted by Nunn and that to do a satisfactory job, the work should be carried out. The Cayuga street project is being carried out with sales tax funds.

Curb repairs also were authorized from regular street funds in the 2900 block of Iowa street at the request of Alderman Charles Meyer and Alderman Emerald Daves called for a resolution to be prepared to seek MFT funds for improvement of Woodlawn avenue from Maryville road to Franklin avenue.

A delay in opening of bids for the resurfacing of the 24th street park roadway between Cleveland blvd. and Delmar avenue was encountered when the bids, scheduled for opening Monday afternoon, could not be located.

Alderman Donald Partney said four bids were received after much difficulty because of the small size of the project, and he asked for immediate award of the contract after they are located. Mayor Davis explained the controller is on vacation and he is certain the bids are in the office vault. He said they will be located and submitted at next week's session.

Alderman Frank Vesce reported that work has started on the Franklin avenue storm water drainage line project. His recommendation for installation of a catchbasin at the Johnson road curve was approved.

Spinal Meningitis Patient Expected Home Saturday

John Robert Bilna, 29, of 2713 Sunset drive, transferred from St. Elizabeth Hospital to Jewish Hospital, St. Louis, last week as a spinal meningitis patient, was reported in very satisfactory condition today, according to his wife, a nurse at St. Elizabeth Hospital.

Bilna, an iron worker with M. H. Wolfe Home Builders, Inc., is expected to be released from the St. Louis hospital either Saturday or Sunday, Mrs. Bilna said.

Backyard Barbecue Boom Brightens Charcoal Industry's Once-Dark Outlook

Most backyard barbecue virtuosos fancy themselves as clever culinary artists graciously shouldering some of the cooking burden for the edification of their families and friends. While they take deep pride in their efforts, few have realized that they were performing an economic service.

The typical once-a-week cook and his counterparts have breathed new life into the charcoal industry, which has grown to a \$20,000,000 level and is supplying over 350,000 tons of charcoal a year. Once hard to obtain, the baked wood product is now stocked at every grocery and also can be found at many other retail establishments.

For tree farmers, the new market has been a boon because it utilizes left-over portions of trees harvested for such other purposes as construction lumber and paper making. New techniques of charcoal production also are being developed, one being an extrusion process that carbonizes sawdust, chips and shavings. So widespread is the outdoor cooking trend that the American forest products industry predicts that annual use of charcoal will soon reach 500,000 tons.

No statistics are available on the variety of foods placed on grills or the cooking techniques employed, but to the charcoal industry the entire trend can be summed up with a warm "well done."

Reduced Fire Insurance Rate Is Of Major Importance To Granite Cityans

Start of a training course for Granite City firemen this month will be applauded by all those who have fire insurance policies, for Granite City still has a fire insurance rate higher than that in Madison and Venice.

Both Madison and Venice have volunteer fire departments, but usually have been able to send more men to a fire scene than the salaried Granite City department. Both, also, have had regular training programs. And, with delivery of a new fire truck, the Madison department plans to seek a further insurance rate reduction.

Some cities of the size of Granite City have met the cost squeeze on manpower and equipment by combining the work of two or more municipal departments, enabling employees' efforts to be more fully utilized and their pay to be increased or hours shortened accordingly. It has been found that new concepts in assigning workers to municipal duties have made it possible to reduce or hold the line on spending while at the same time producing more results.

low fire rates and more men available at any one time to fight fires.

Granite City has invested heavily in an expanded staff and in a new central fire station. In some way, concrete results must be obtained and the fire insurance rate reduced. All necessary steps to achieve this goal should be given high priority.

State Giving Substantial Help To All Interested In Teacher Education

An unusually large total of 19 Quad-City graduates received recognition this month for having earned teacher education scholarships at one of five participating universities.

Illinois merits commendation on the help it gives young people who wish to teach, and the scholarship program is worthy of attention by all high school seniors interested in the educational field. A student can save \$600 to \$700 in university fees over a four-year period, including summer sessions, if he ranks academically in the upper half of his high school graduating class.

With the great demand for teachers and the current emphasis on quality in education, the plan affords a good opportunity for prospective college students to prepare themselves for the teaching profession.

This Community Could Benefit From Public Questioning Of Candidates

Again for this fall's election campaign, the Alton League of Women Voters has arranged a public meeting at which voters will have an opportunity to compare and evaluate the candidates for office in Madison county, the 53rd Representative district and 24th Congressional district.

As in the past, the league is preparing questionnaires asking for experience, qualifications and opinions on governmental affairs. The results of the questioning will be placed in brochures which will be made available to citizens and organizations, and which will be distributed at the meeting.

A gathering of this type was held here several years ago under sponsorship of a political group, and it attracted considerable public attention. However, its essentially political sponsorship resulted in some candidates staying away, and caused others to conclude that they were being placed under more intense questioning than their opponents.

A non-political group such as a League of Women Voters could do much in the Quad-City area to focus the public's eyes on elections and to aid people in reaching an enlightened decision on how to vote. A program of this type could be a boon to the local community.

Public Hearing Unattended

No Changes Recommended In Venice School Budget

A tentative budget of \$643,280 went back to the Venice school board Monday night after a public hearing conducted before the board's regular meeting produced no recommended changes. The public hearing was unattended by any residents of Venice other than board members.

No action was taken toward the adoption of the 1960-61 school district budget recently by Board President Lester Nelsen said adoption, probably without change, will be accomplished at the board's next meeting on Sept. 6.

Bills and salaries for the month of July totaling \$8907 were approved for payment. They included \$16,000 in the building fund, \$1990 in the educational fund, \$241 in the transportation fund and \$10 in the school lunch fund.

The board treasurer's report noted the receipt of \$992 in miscellaneous which will be turned over to the township school treasurer for deposit in the educational fund. Also noted was a balance as of July 31 of \$1044 in the activity fund and \$1988 in the revolving and athletic fund, of which \$930 is to be spent for the purchase of glass basketball backboards at the Venice and Lincoln high schools.

The board approved purchase of a desk, filing cabinet, storage cabinet and chair to equip an office for the newly-employed guidance counselor. Low bidder was the Illinois Office Supply Co. at \$424. Other firms submitting bids were Blackwell-Winslow Co. \$442, and Triangle Typewriter and Supply Co. \$472.

City Expenses Hit \$303,000 In 1st Quarter

An average monthly expenditure of about \$100,000 from the city's general fund occurred during the first quarter of this fiscal year, a report compiled by Granite City Comptroller John Doehner and City Treasurer Frank Sappington revealed at Monday night's council meeting.

Most of the spending, which totaled \$302,985 for the period, was charged against the fire department. Its disbursements amounted to \$85,188, compared to receipts of \$83,218. However, the general fund balance as of July 31, 1960, is \$17,183, or an increase of \$83,915 over the April 30 balance of \$83,268. Additional new tax funds are expected.

Total general fund receipts of \$396,900 outweighed disbursements of \$302,985. Under special funds, the present balance of \$338,776 is \$107,654 more than the April 30 balance of \$431,222. And the overall balance of \$716,159 surpasses by \$201,269 the "black" figure of \$514,890 shown when the quarter began.

Expenses for the entire quarter other than the fire department, included in the general fund were: water, \$12,300 receipts and \$3506 disbursements; street department, \$121,882 and \$60,004; lighting, \$19,800 and \$1749; pumping station, \$989 and \$4921; general government, \$20,000 and \$20,753; city hall, \$3511 and \$4131; police, \$68,321 and \$58,134; inspection, \$3172 and \$3731; election, \$173 and \$3603; sanitation, \$45,310 and \$43,882; interest and judgment, \$3443 and \$100; dog catcher, \$2023 and \$1556; contingent, \$2944 and \$1739; and excess commissions, none and \$340.

The only "red" figure indicated under the general fund was charged to the pumping station, an amount of \$2594 as of July 31. Largest gap between incoming and outgoing funds of all types was \$61,641, under the street department heading.

A breakdown of special funds showed municipal retirement fund \$14,000 receipts and \$9718 disbursements; working cash, \$7960 and none; parking meters, \$10,629 and \$840; police pension, \$12,484 and \$4828; public library, \$28,745 and \$12,601; arterial street maintenance, \$63,435 and \$10,529; firemen's pension, \$13,023 and \$6365; unclaimed, rebate \$69 and none; insurance, \$2734 and \$1699.

Salaries tax, \$30,548 and \$1625; maintenance of sewers, \$9137 and \$29,248; south extension sidewalk paving, \$22 and none; section 39 (motor fuel tax) none and \$22,413; section 44, none and none; section 47, \$49 and \$846; Monroe street paving, none and none; Edwardsville road sidewalk paving, none and none; section 48, \$30,778 and \$14,225; section 49, \$30,928 and \$13,851; special improvement projects, none and \$5045.

Total of fund balances in the First Granite City National Bank as of July 31 was \$716,159, with \$27,050 in the Granite City Trust & Savings Bank and \$50 in the petty cash fund.

Brother Of Granite City Resident Dies In Milwaukee

Henry Kohlmeier, 65, of Milwaukee, Wis., brother of Mrs. Harriett Bauer of Granite City, died Monday in Milwaukee. Mr. Kohlmeier had undergone surgery two weeks ago.

A son of the late Mr. and Mrs. Fred Kohlmeier, a well-known Hartford area family, Mr. Kohlmeier moved to Milwaukee 15 years ago.

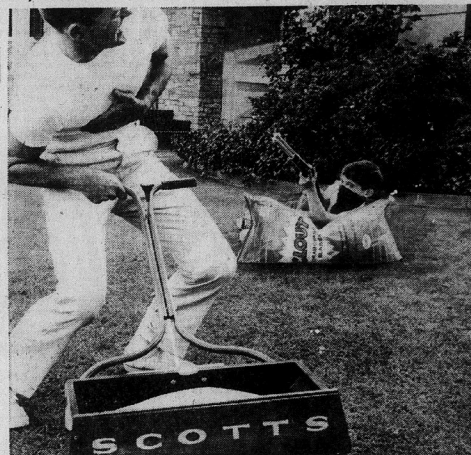

Funeral services will be conducted Saturday in Alton. Hiring of all non-teaching personnel for the coming school year at the same salaries paid in 1959-60. The superintendent is instructed to send registered letters giving notification of retirement requirements within the district to all teachers concerned.

HOMEMAKEYERS MEET

The Homemakers' Club met Tuesday evening at the Venice Baptist Church with the president, Mrs. Junia Hasty, in charge. Mrs. Irene Todd opened with prayer and roll call was answered with Bible verse. Mrs. Hasty gave the scripture reading after which there was group singing.

A dessert luncheon was served by Mrs. Hasty, and the other present were Mrs. Mildred Gerhart and children, Dale, Peggy, Rose Marie and Harry, Mrs. Virginia Deckard and Mrs. Mary Metzger.

David Darrell Painter, son of Mr. and Mrs. Ralph Painter, 422 Lincoln avenue, accompanied by Neil Ebersold, 804 Third street, returned home Sunday from Charleston, Ill., where Painter attended a Walther League Convention held on the campus of Eastern Illinois University. Painter is president of the league's Eastern Chapter of Gamma Delta. Enroute home they visited friends in Mattoon and Ramsey.

Airman 2/c and Mrs. Richard Hillman and son, Richard, of Whiteman Air Force Base, Mo., left Sunday after visiting over the weekend at the home of her parents, Mr. and Mrs. Ivan Eads, 611 Washington avenue. On Saturday, Mrs. Hillman was one of the bridesmaids at the wedding of Mr. and Mrs. Thomas Foley at St. Francis Xavier (College) Church, in St. Louis.

Mr. and Mrs. James Robinson, 2553 Nameok road, Granite City, returned home Sunday after a week's vacation spent in Sesser, Ill., where they visited their son-in-law and daughter, Mr. and Mrs. Pete Mikulonis, and children, Nancy and Denise, and Mrs. Robinson's parents Mr. and Mrs. J. E. Lance.

Miss Becky Schaffner, daughter of Mr. and Mrs. George Schaffner, 609 Washington avenue, was released Sunday from Firmin Dodge Hospital, St. Louis where she had been a patient for two weeks undergoing a series of allergy tests.

Guests one Sunday at the home of Mr. and Mrs. George Schaffner and family, 609 Washington avenue, were Dr. and Mrs. Joseph Kulienski and son, Monty, of Springfield, Mo.

SUNDAYS GIVE SOCIAL

PROGRAM FOR PARENTS

The Beginner and Primary
Sundays of Second Baptist
Church held a social for their
parents Tuesday evening, when
it was announced that Aug. 14-20
has been designated as "Sun-
beam Focus Week" in the church.

Tables were used to display
handwork, and murals, which
the group has studied or made
since last October.

Betty Lewis, primary
leader, led the boys and girls in
a discussion of their work, and
taking part on the program were
Connie Wigger, Danny Penrod,
Richard Welby and Mary Tooley.

Special displays of beginners
work and eight-year-old "World
Friends" were shown and an-
nouncement was made that Aug.
22-25 would be "Day Camp" for
World Friends, beginning at 9
a.m. and continuing to five
o'clock each day.

After the program, refresh-
ments were served from tables
decorated with the Sunbeam
colors and centerpieces pertain-
ing to Sunbeam work.

Mrs. Nellie Boger, Woman's
Missionary Union president, of-
fered prayer. Others present
were Mrs. Betty Bellman and
children Mike, Beverly, Donald
and Carolyn, Mrs. Beatrice Wil-
thers and daughter, Debra, Mr.
and Mrs. Howard Wigger and
children, Gary and Connie, Mrs.
Margie Grizzard and children,
Dwight and Wanda, Mrs. Fern
Anderson and daughter, Susan.

Mrs. Dolly Farley and daughter,
Kathy, Mr. and Mrs. Robert
Hancock and daughter, Sheryl,
Calvin Penrod and son, Danny,
Bob Lewis and children, Gary
and Gail, Bruce Freeman, Rich-
ard and Frances Welby, Mary
and Oscar Tooley, and the Sun-
beam director, Mrs. Julia Penrod.

A "Hallowe'en" theme was used
to decorate the meeting room
and candy corn was served as
the children made pump-
kin faces and wrote verses of
Scripture on the backs. The faces
will be attached to a cord and
given to a hospitalized boy.

Prayers were offered by Mrs.
Lewis and Mrs. Julia Penrod.
These present were Dwight
Grizzard, Connie Wigger, Cheryl
Hancock, Richard Welby, Mike
Bellman, Bruce Freeman, Donna
Mills, Danny Penrod, Mary and
Oscar Tooley, Debbie and Joyce
Boyd and two guests, Nicki
Mars, Garnita Carter.

Prayers were offered by Mrs.

SUNDAYS GIVE SOCIAL

PROGRAM FOR PARENTS

The Beginner and Primary
Sundays of Second Baptist
Church held a social for their
parents Tuesday evening, when
it was announced that Aug. 14-20
has been designated as "Sun-
beam Focus Week" in the church.

Tables were used to display
handwork, and murals, which
the group has studied or made
since last October.

Betty Lewis, primary
leader, led the boys and girls in
a discussion of their work, and
taking part on the program were
Connie Wigger, Danny Penrod,
Richard Welby and Mary Tooley.

Special displays of beginners
work and eight-year-old "World
Friends" were shown and an-
nouncement was made that Aug.
22-25 would be "Day Camp" for
World Friends, beginning at 9
a.m. and continuing to five
o'clock each day.

After the program, refresh-
ments were served from tables
decorated with the Sunbeam
colors and centerpieces pertain-
ing to Sunbeam work.

Mrs. Nellie Boger, Woman's
Missionary Union president, of-
fered prayer. Others present
were Mrs. Betty Bellman and
children Mike, Beverly, Donald
and Carolyn, Mrs. Beatrice Wil-
thers and daughter, Debra, Mr.

Calvin Penrod and son, Danny,
Bob Lewis and children, Gary
and Gail, Bruce Freeman, Rich-
ard and Frances Welby, Mary
and Oscar Tooley, and the Sun-
beam director, Mrs. Julia Penrod.

A "Hallowe'en" theme was used
to decorate the meeting room
and candy corn was served as
the children made pump-
kin faces and wrote verses of
Scripture on the backs. The faces
will be attached to a cord and
given to a hospitalized boy.

TELEPHONE TALK

by R. A. Pelster, Manager, Granite City, Illinois

IMPROVED FIRE REPORTING SYSTEM INSTALLED

You may have read about the new fire reporting system which the Telephone Company installed recently in Granite City. The new system provides two incoming channels for people calling the fire alarm number TR 6-4545, to report a fire.

Two separate fires may now be reported at the same time. A new push-button switchboard also allows better co-ordination of fire calls between the three fire stations.

The new fire reporting system was recommended by Fred Wahl, Communications Engineer for the Telephone Company, and was installed by Lou Young, Telephone Company PBX installer.

Improved fire alarm communication provides safer, faster, and more efficient fire protection in Granite City. This is another indication of community progress in the Quad City Area.

FREE PROGRAMS FOR YOUR GROUP

Since some Quad-City civic, church and social groups already are planning fall programs, this seems like a good time to remind you of our standing offer to provide entertaining and informative telephone programs for your organization.

A booklet describing the variety of programs, available — films, talks, lecture-demonstrations, telephone tours — is yours for the asking. Just call the telephone business office, LO 1-9800.

HOW TO CALL LONG DISTANCE

AND SAVE 1/3

It's easy to save yourself a lot of money. How? By placing your Long Distance call station-to-station (to a distant number rather than to a particular person). Here's the way to do it:

1. Give the operator the name of the city you want to call.
2. Next, tell her the number you are calling.
3. When the operator asks, give her the number you are calling from.

Why not try it tonight? Remember, rates are lower after 6 p.m. and all day Sunday.

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

ship have been spending the week cleaning ditches and culverts and cutting weeds in the East Madison area. It was reported today by Road Commissioner Charles Hanks.

Eighteen men are eligible to comprise the work force, brought about by a new state law. The number of hours each man works with the township road department will be proportionate to monthly financial assistance received. Failure to report for work would make eligible workers ineligible for relief orders, he said.

Next week, supervised by Hanks and the regular road crew, the workers will perform the same function in the Pontoon Beach area. The employees are paid with the regular \$1.50 hourly wage rate, the same as received by the full-time road crew.

However, although Hanks called the plan "The best thing that ever happened to the township," attendance by the workers so far has not indicated a similar attitude on their part.

Of 12 men scheduled to report Monday, only seven appeared. Six men worked Tuesday and yesterday. Today three are scheduled, and only two are expected to report Friday, Hanks said.

Future plans include the applying of asphalt and chips to roads in the Pontoon Beach area which Hanks said will be accomplished within the next three weeks with the assistance of the regular road crew.

Hanks said he is also making a survey now to determine the amount of new culverts needed in Nameoki township. When the survey is completed, letters will be sent to residents having driveways that require culverts, stating the type of culvert they are required to install.

Trades Council Hears City Manager Talks

Delegates to the Tri-City Trades and Labor Council heard an explanation of advantages of city manager form of government during a regular meeting last night at the Labor Temple. The 50 delegates heard talks by James Warthen and Dr. Leo Coleman of the Citizens for City Manager group.

Edwin Reiske, president of the labor council, said no action was taken by the delegates, and that at the next regular meeting, the group will hear a speaker opposing city manager government.

City To Clean Saratoga Ave. Drainage Line

Storm water drainage relief was the goal of about 30 residents along Saratoga avenue who appeared before Granite City council members Monday night to state their plight. They are hopeful better drainage will be available with the cleaning of the 18-inch line.

The delegation, with Earl Voss, 2916 Saratoga avenue, as spokesman, presented a set of pictures to the solons, showing flood conditions in the area of the Glenview subdivision even after light rains.

Voss and the group stressed the need for immediate relief and requested the clogged 18-inch sewer line be cleared of mud and debris.

Council members, who debated the issue for nearly an hour, called upon Supt. of Streets William Warfield for an explanation of the problem. He pointed out the difficulty caused by a dead end line and 30-inch and 33-inch lines emptying into a manhole with an 18-inch line. Both Warfield and Mayor Davis said the Saratoga area should receive some aid when the levee district installs a new 39 to 45-inch outfall from the manhole in the near future.

However, Supt. Warfield said the problem will not be solved entirely since the Saratoga area is a low and pressure from larger lines emptying into the manhole will allow the flow from the 18-inch pipe.

Negotiations Recalled
Council members pointed out the subdivision should have provided adequate drainage at the time the subdivision was expanded, but it was recalled when the new subdivisions were submitted to the council over a year ago drainage was based on a trunk line to be installed by the East Side Levee & Sanitary district.

and negotiations for the line were underway.

Mayor Davis urged council members to authorize the cleaning of the Saratoga line in order to provide "even a little relief."

The solons continued to the debate, entering into side arguments with persons in the delegation, and pointing out the cost of operating sewer equipment would be \$30 an hour. To get to the line, it was stressed, street department workers would have to remove sections of fencing in the yards.

Persons in the delegation said they had talked to the subdivision and other city officials with no results, and asked the council members why the subdivision areas had been approved without adequate drainage.

In a separate vote, the council ruled out issuance of any further home construction permits in the Glenview area unless adequate drainage is available. The motion by Alderman Samuel Whitmer also called for stopping present construction, but it was decided to obtain a legal ruling on that proposal.

The council voted 9-10-5 for cleaning the Saratoga line, stipulating the work will be done only after emergency cleaning has been accomplished at a St. Clair avenue line and another at Edwardsville road and East 19th street.

Zoning Change Postponed
Upon the request of Alderman Charles Meyer, chairman of the Ordinance committee, advancement of a proposed amendment to the zoning code to ease side-yard restrictions, was delayed until next meeting, and it remains on first reading.

Other business transacted by the council was to approve ordinances setting a no-parking zone on the east side of Primrose ave-

nue between Amos avenue and Pontoon road and to permit Granite City Steel Co. to relocate utility lines over 20th and 21st streets.

Approved an ordinance authorizing the mayor to enter into a lease agreement with the U. S. Post Office Department for 61,500 square feet of the city-owned block at 23rd street and Madison avenue at \$3900 a year for the proposed construction of a new post office building.

Set a date of Aug. 15 for adoption of the new municipal code. The date was misplaced when the code was approved several months ago.

Approved on final passage a change in name for a section of North street, which is to be known as Fair Oaks lane south of Amos avenue.

Proposed an ordinance to ban parking along Nameoki road for a distance of 20 feet north of East 24th street at Roderick's tavern.

Rejected a Police Committee proposal to increase the pay of the police captain \$12.50 a month, making it equal to the salary of the assistant chief and chief of detectives.

Noismakers Reported

Answering a report that some boys were making noise at 2001 Kickapack House about 3 a.m. yesterday, Granite City police

went to the scene and sent one boy home. The others could not be located.

Depot In Drive Against High Sick Leave Rate

Col. Jack Jeffrey, commanding officer of the Granite City Engineer Depot, has announced the start of a drive to lower the sick leave rate at the depot.

Sick leave has cost the depot \$385,335 since the middle of 1958, Col. Jeffrey pointed out, saying the funds could have been used for building improvements.

"It is only right that increasing emphasis be brought on the use of sick leave in government installations to assure all fairness possible to the taxpayer," the commander said.

He added, "sick leave is one of the most valuable benefits a civil service employee has. The premiums are low—he pays for this valuable kind of insurance merely by not abusing it, by using it only when he needs it."

MRS. LENNA WILLIAMS
1638 Sixth Street
TR. 7-0317

MRS. FEENEY GUEST AT STORK SHOWER
Mrs. George Feeney, 2013a Delmar avenue, was guest of honor Sunday afternoon at a stork shower given by Mrs. J. A. Williams and Mrs. Marion Norn at the Polish Hall.

Approximately 40 guests were present and the afternoon was spent at games with a number of prizes awarded. The special prizes went to Miss Marceline Klekamp and Mrs. Edgar Dietrich.

Pink and white were the colors used in the appointments and ice cream, cake and punch were served from a buffet table adorned with a large cake decorated with pink and blue booties. The gift table held a stork which revolved as the strains of Brahms Lullaby were heard. White streamers and pink roses also adorned the room.

SLEEPER PARTY
A sleeper party was held Tuesday night in the home of Miss Stephanie Stavar, 1545 Sixth street, in observance of her 15th birthday. Dancing and record playing comprised the night's entertainment, and guests with lunch and refreshments served by the honoree's mother and sister to Misses Donna Miller, Wilma Schewe, Cheryl Slaby, Wilene Lupa, Carol Anne Sandor and Kathy York. Beautiful gifts were received by the honoree. The girls returned to their homes Wednesday.

VISITS WITH PARENTS
Mrs. William (Bill) Skinner of Cincinnati, O., spent the weekend in Madison, visiting with her parents, Mr. and Mrs. Frank Synski of 909 Alford avenue, and with other relatives and friends. Mrs. Skinner flew to Madison to join her husband at the Skinner home the previous week. Mrs. Skinner is the former Georgann Synski. She and her son returned to Ohio Sunday evening.

YWA MEETS TUESDAY
The YWA of the First Baptist Church met Tuesday at 7:30 p. m. in the home of Miss Phyllis Brown, 1429 Third street. The meeting was opened with prayer by the counselor, Mrs. Trudi Wade. A short business meeting was held after which the evening was spent studying the YWA manual. The hostesses served refreshments at the conclusion of the study period to Misses JoAnn Wickham, Anita Brooks and the counselor. The next meeting will be held at 6:30, Aug. 30 in the home of Mrs. Wade. The evening will be spent as "Japan at Home".

VISITORS FROM NEW YORK
Mr. and Mrs. Marion E. Hughes and son, John William, of Oswego, N. Y., left Madison Monday evening after spending a few days with their son and daughter-in-law, Mr. and Mrs. Jim Wade and Mrs. Wade's mother, Mrs. Blanche Messmer in their home. The Hughes spent two weeks in Madison while enroute to Arizona, after which they returned to Madison again. They are on their way to St. Petersburg, Fla. to their new home.

WORK AT CHURCH
Members of the Cleaners and the Ruth Sunday school classes of the Temple Baptist Church met Tuesday evening at the church. Instead of the monthly class meetings of the two classes they met together for a night of work at the church. The cleaning and waxing of the floors was the main project for the evening with Mesdames Mary Arnold, Edith Collins, Fern Washburn, Gynelle Langford, Edna Chamberlain, Pauline Corey, Lela Reiter, Dorthula Taylor, Edna Smith and Ruby Ackerman working together.

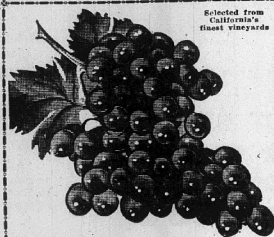

RETURNS FROM HOSPITAL
Mrs. J. T. Little returned to her home, 1723 Rhodes street, Tuesday after being hospitalized for a period of one month.

We shouldn't worry about the next generation becoming soft—look at the tremendous debt we are leaving them to wrestle with.

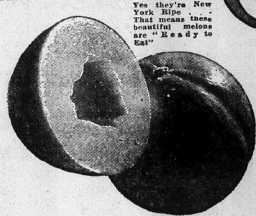

There is ample proof that some people do not get better as they get better off.

SOCIETY

WILKERSON-CASEY
MARRIAGE ANNOUNCED

Announcement has been received of the wedding Saturday evening in Tunnel Hill, Ill., of Miss Edith Marie Casey, a daughter of Mr. and Mrs. Randolph Casey of Tunnel Hill, and Dennis Lee Wilkerson, whose parents are Mr. and Mrs. Roy Montgomery, 5731 Joyce street.

The ceremony took place at First Baptist Church with the Rev. William Fulkerson of Carbondale, a student friend of the couple, officiating at 7:30 o'clock. A reception followed in the church parlors.

The former Miss Casey graduated from Southern Illinois University, Carbondale, last June. The bridegroom will begin his senior year at the university this fall and will graduate with a degree in languages. He is majoring in Russian.

MRS. JOHNSTON RETURNS FROM FLORIDA

Mrs. Margaret Johnston, 2601 Iowa street, has returned from a vacation of three weeks with her children and their families in Florida. She visited her sons-in-law and daughters, Mr. and Mrs. Eugene Casey of Hialeah and Mr. and Mrs. George Harmon in Miami, and spent some time in Hollywood with her son and daughter-in-law, Mr. and Mrs. Ellis Johnston Jr., who accompanied her home. While here Mr. and Mrs. Johnston Jr. also will visit Mrs. Johnston's parents, Mr. and Mrs. N. L. Parney and other relatives.

Miss Stevie Jo Harmon, daughter of Mr. and Mrs. George Harmon, arrived in the city Tuesday by plane to visit her grandparents, Mrs. Johnston and Mr. and Mrs. Virgil Harmon.

GIRLS SCOUTS ON COOKOUT

Nine girls of Scout Troop 52 enjoyed a weekend cookout at Camp Lakota, returning Monday evening.

They were chaperoned by their leader, Mrs. Esther Zimmer, assisted by Miss Denise Schmitz, and enjoyed hikes, trailblazing, outdoor cooking and a visit to the bee farm of Walter Schlueter on Route Four, Edwardsville. In the party were Barbara Schmitz, Mary Jane and Anna Mae Zimmer, Barbara Peach, Michelle Hoy, Janet Dallas, Cathy Cross, Karen Darnier, Phyllis Gieselmann and Toni Winninger.

RETURN FROM SOUTH

Mr. and Mrs. Frank Durell, 237 East 27th street, have returned from a vacation of ten days at their summer home at Fort Henry, Tenn. While away they had as their guests Mr. and Mrs. Clarence Shelton and son and Mr. and Mrs. Jack Yates of this city. Mr. and Mrs. Kenneth Jarboe and family of Evansville, Ind. and Rev. and Mrs. Thomas Laufer and daughter of Hoyt, Ill.

ENTERTAIN GUESTS

Mr. and Mrs. Louis Van, 2450 Sheridan avenue, had as their guests this week the former's brother, and sister-in-law, Mr. and Mrs. H. H. Vian of Phillips, Tex., with their son-in-law and daughter, Mr. and Mrs. Joseph Williamson of Binger, Tex. The visitors left Wednesday for their homes.

Mr. and Mrs. A. J. Shannon, 2201 Carlson avenue, have received word of the birth of a son to their son-in-law and daughter, Mr. and Mrs. Alexander Hagchian of Albuquerque, N. M. The baby, the first child arrived Tuesday and has been named Michael Shannon. His weight was eight pounds, 13 ounces.

Mrs. Hagchian is the former Margaret Shannon.

VISITING PARENTS

Mrs. Charles Box and children, Craig and Cathy, of Oklahoma City, Okla., are here for a visit with Mrs. Box's parents, Mr. and Mrs. Arthur May, 2201 Cleveland blvd. She is the former Valerie May.

Family Routed By Fire

Find's New Home
Mrs. Cassie Finley, whose three children, Rosa and Donald Kelly and their half-brother, Charles Finley, were rescued from a blazing, second-floor apartment at 1936 Edwardsville road early last Sunday morning, said she has found a home for

rope for two years, and is qualified as a string, woodwind and bass instrument instructor. Mr. Cavallo will continue serving in the school district in an advisory capacity. He is also director of instrumental music in the Affton, Mo., public schools. In other action involving teaching personnel, the board employed Jack L. Gilmore as instructor of social studies in the Venice high school. Gilmore replaces Miss Morene Greshong, who will fill the newly-created post of guidance counselor.

Originally from Collinsville, Gilmore is a June graduate of Southern Illinois University, and holds a bachelor's degree in social science. Gilmore is 30 years of age.

The final teaching vacancy was filled by the board with the employment of Mrs. Patricia Ann Kanovsky, 23, as Venice second grade teacher. Mrs. Kanovsky, who lives in Collinsville, holds a bachelor's degree in elementary education from SIU.

ture it replaces. Its capacity will be 1500 tons of pig iron per day. Officials said no blow-in date has yet been set.

The moving contractors are the Eicheley Heavy Moving Co., while general contractor on the project is the Koppers Co. The operation will mark the fifth time such a task has been undertaken in the steel industry, and is considered a "tackling" job because of the size and weight of the furnace.

The new, larger furnace will give Granite City Steel Co. a total annual pig iron capacity of 1,134,000 tons.

Nicholas P. Veeder, chairman of the board and president of Granite City Steel Co., said the construction of the new blast furnace does not mean that the company expects an immediate pickup in the demand for steel.

"Long-Term Potential"
"We are completing this part of our expansion project now," he said, "only because of the long-term growth potential in the area served by Granite City Steel."

The planning, building and breaking-in of the heavy equipment used in producing steel requires substantial periods of time.

"If we waited until the next period of strong demand for actually developed, it would be too late." The local steel producers, like similar companies across the nation, are currently experiencing a drop in the demand for their products, although the situation in this area is not so serious as in most others.

Veeder said that the steel industry expects business to improve in the fourth quarter of this year, "but this is only an expectation. There is no certainty about the anticipated improvement," he added.

Venice Park Board To Borrow \$10,000

Anticipation warrants totaling \$10,000 will be issued by the Venice park board through the First National Bank in Madison, William Ohendorf Jr., board president, announced following the group's meeting last night in Lee Park.

Money realized from the warrants, Ohendorf explained, will be used to cover current expenses and payroll wages during the next two months.

No further business being brought up for discussion, the meeting was adjourned following a brief discussion of the recently complete Venice Homecoming festival.

her family on Third street. "I'm trying to get some furniture now," she added.

Mrs. Finley lost most of her furnishings in the blaze, and the youngsters suffered minor burns, but they were released from the hospital later Sunday. The mother was at a friend's home to get old medicine for her daughter when the blaze broke out. Since the fire, the family has been staying with relatives.

\$15,000 Lawsuit Against City; 2 Other Claims

A \$15,000 lawsuit against the city resulting from a sidewalk fall and two other claims were referred to the city attorney by Granite City council members, who voted Monday night to accept a proposal by Midland National Insurance Co. to provide the city with liability insurance at an annual cost of \$10,000.

A summons to the city court in the \$15,000 suit was presented to the council by City Clerk A. L. Stevens. It was filed by Robert G. Rhodes, 2018 Dewey avenue, who says he was injured May 20, 1959, in a fall on uneven sidewalk along Missouri avenue at West 20th street near a railroad switch track.

A claim for payment of \$200.33 was submitted to the city by Matthew Weizer of Weizer Tile Co., 825 Niedringhaus avenue, for labor and materials for the installation at the new fire station; and a \$198 claim was presented by Lucille Duckett, 2118 Benton street, who said her 1952 auto was damaged Aug. 2 when it was parked at the above address and was struck by the city's dog catcher truck.

Mayor Davis told council members the truck was being operated by a driver assigned to the city by the Teamsters union while the regular dog catcher was on vacation.

The new liability insurance policy is to cover the city for mishaps on city property, such as sidewalks and buildings. The city has had such insurance for the past four years, with annual premiums in the amounts of \$4000 to \$5000. However, with claims paid over the period to date, \$33,000, the insurance firm canceled the policy when it expired earlier this month.

Alderman Paul Rutledge, chairman of the Finance Committee, said a large number of firms were contacted, but Midland National was the only one interested. "We even got in touch with Lloyds of London," he commented.

Polio, Victim, 11, Gets Mitchell Kiwanis Aid

A victim of crippling polio since 1938, eleven-year-old Howard Copeland, Old Alton road, was presented a new pair of aluminum crutches by Robert Franko, president of the Mitchell Kiwanis club, during its weekly dinner meeting at Smith's cafe. Such awards are periodically made, Franko said, as part of the service organization's work-program with youth.

The 10 members attending the meeting were joined in the occasion by six guests from the Collinsville club, Joseph Troekler, supervisor of Chouteau township, and Ben Thomson, Kiwanis lieutenant governor of Division 14.

Thomson commended the Mitchell Kiwanis for active participation in community projects, and was especially pleased with the expanding growth of the club.

Lee Paul, street sign committee chairman, told the group that he was in contact with various companies concerning signs which will be bought by the club and donated to the community over a two-year period. He plans to have samples and price quotations for the members to discuss in the near future.

Following the business meeting, "Story of a Star," a petroleum film depicting the cycle from seismographic hunt for crude oil to its flow, fresh from a fractionating tower and catalytic cracker was shown to the group.

New Principal, Assistant, 8 Teachers Hired By GC Board

Hiring of a new principal for Central junior high school, an assistant principal for Coolidge junior high and eight new teachers has been approved by Granite City school board members who also granted leaves to two teachers.

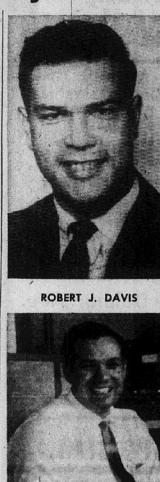

Supr. Harold M. Kaiser reported the administration staff is making progress toward filling 10 other vacancies including a post in the system's special education field.

The new Central principal is Robert Joe Davis, who has been principal at a sixth grade building in Mexico, Mo., for the past two years. His experience totals seven years as a high school teacher and elementary principal. Davis, who has a 1952 bachelor degree in education from Southwest Missouri State College and a 1958 master in education degree from the University of Missouri, also served as a teacher at Chadwick, Mo., for two years and Salem, Mo., for three years.

Named assistant principal at Coolidge was David S. Cattle of Kansas City, Mo. He has a 1952 degree in education from Missouri University and six years experience as a junior and senior high school teacher.

The new teachers hired are Willis Wilford Shrum, East St. Louis, 1956 bachelor degree from Southeast Missouri State College; three years experience, who will teach mathematics and science; Floyd Allan Clay, 3004 Washington avenue, 1957 bachelor degree from Southern Illinois University, who will teach fifth grade at Logan school; Russell Dean Duncan, of Muncie, Ind., 1953 bachelor degree from Indiana State College, four years experience, string and band; Mrs. Evelyn Fedors, 27414 Washington avenue, 1956 bachelor degree from SIU, two years experience, physical education at Central.

Robert F. Holton, 2248 State street, 1950 master degree from SIU, sixth grade at Logan; Mrs. Sarah Jane Huber, 2241 Monroe street, 1950 bachelor degree from SIU in 1960, first grade at Mary-

ville school; Miss Evelyn B. Laux, 1957 master degree from the University of Illinois in 1957, eight years experience, librarian at the new West Granite junior high school; and Carl Emil Maunridge, 1216 Grand avenue, 1956 bachelor degree from St. Louis University, one year experience, assigned to Central school.

Grants leaves of absence were Miss Claudine Coulter for a third year and Billy H. Terrell, member of the athletic and coaching staff who plans to continue his studies.

All 7 Sewer Funds Show Cash Balances

Financial reports for seven special funds set up for the Namoki area sanitary sewer system were accepted by Granite City council members Monday night and now are on public display in the comptroller's office at the city hall.

A breakdown of the accounts, listing receipts, disbursements and July 31 balances, in that order, follows:

Namoki area construction fund—\$1,419,054 receipts, \$143,000 disbursements and \$1,276,054.

Area No. 2 construction fund—\$403,528, \$392,824 and \$10,704.

Special sewer construction fund—\$80,599, \$99,105 and \$11,494.

Namoki area sewerage fund—\$301,947, \$332,662 and \$169,285.

Area No. 2 sewerage fund—\$111,039, \$46,293 and \$64,746.

Sewer extension fund—\$35,004, \$24,297 and \$30,907.

Namoki area sewers reserve—\$54,085, none and \$54,085.

School Lunch Claims Paid On 64% Basis

The total amount of funds distributed for school lunch programs in Madison county for the month of May was \$11,778, with a special milk fund distribution totaling \$16,914, Wilbur R. L. Trimpe, county superintendent of schools announced today.

May claims for lunch program reimbursements, he continued, were paid at a rate of 64-cents on the dollar because not enough money had been appropriated to pay the claims in full. However, special milk payments were made in full.

Participating local schools with the amount each received for lunches and milk follow in that order:

Madison community unit—\$486, \$583; Venice community unit—\$145, \$162; Granite City community unit—\$270, \$282; Sacred Heart, Granite City—\$17, \$333; St. Elizabeth's, Granite City—\$105, \$93; and St. Mary's, Madison—\$89, \$33.

Fines Total \$15

Dennis Lee, 40, St. Louis, was fined \$15 after a hearing before Venice Police Magistrate Wesley Edwards, Monday evening on charges of being drunk and disorderly early Sunday morning in the vicinity of Weaver street.

Excavation Permit
An excavation permit was granted to Illinois Power Co. by Granite City council members Monday night for installation of a four-inch gas main along Ferguson avenue. The permit calls for a 640-foot excavation across Prairie avenue and west on Ferguson avenue. The work is subject to supervision of the superintendent of streets.

Tot Mistakes Poison For Popcorn, Stomach Pumped

Exploring a "glamorous" array of colored bottles and jars behind a sink at his home Monday night, Joe Valencia, 24, dug out that looked extra promising. Although it contained deadly rat poison, "he thought he had some popcorn," his mother said. She found him with the lump-filled jar, and not knowing for certain whether he had ingested it, took him to the emergency room at St. Elizabeth Hospital. There Joe paid the penalty for his possible between-meal snack. Hospital personnel performed a stomach lavage just in case. Next day, Joe, son of Ottilio Valencia Jr., 1800 Spruce street, was not only as good as new, but wiser as well, the family said. Although he couldn't eat any real popcorn — at least for three hours just in case — Joe knows now that the crunchy morsels may come in bags, sacks or boxes — but never jars. Mrs. Aline Graham, 45, wife of John H. Graham of 2518 East 24th street, was treated Monday night after being bitten by her pet dog while on the way to see a veterinarian. Her lacerated right thumb was cleaned and dressed. Butcher knives figured in two other minor injuries cases treated at St. Elizabeth Hospital Monday. Mrs. Norma Rodgers, 239 wife of Verlin Rodgers of 4389 Higway 162, required 14 sutures to close a cut on her index finger; and nine-year-old Leonard Walker sr., Rural Route One, needed five to close a cut to his left index finger. Teresa Lynn Hawkins, 6, daughter of Clarence Hawkins of 2818 Myrtle avenue, received a police escort as she was rushed in an ambulance to the hospital after her left hand and arm to the elbow was caught in a washing machine wringer Monday afternoon. The accident was not serious, however, and she was released after x-rays.

General Steel Sales Up During First Half

Earnings of the General Steel Castings Corp. showed an expected improvement in the second quarter over that of the first period, with net sales for the first six months of 1960 recorded at \$19,720,933, President C. P. Whitehead announced today. The sales were up \$117,783 over the same period in 1959. The firm's mid-year report shows second quarter net sales figure of \$9,945,289, an increase of \$109,645 over its first quarter counterpart. Sales of railroad products, Whitehead continued, remained at a fairly satisfactory level, while industrial sales other than armor showed a decline. In the armor category, General Steel was awarded a contract early in June in excess of \$8 million to furnish cast armor hulls and turrets to Chrysler Corp. for the Army's M-60 tanks. Despite the reduced operation in the rolled steel industry during the period, sales of iron and steel rolls continued at about the same level as in the first quarter. A dividend of 40-cents a share was declared at the July 21 board of directors meeting which is payable Sept. 30 to holders of record at the close of business Sept. 16, the half-year report states. Pointing to another accomplishment, Whitehead reiterated an earlier announcement that a wholly-owned subsidiary, St. Louis Car Co., had acquired a Missouri car-building business of the same name with physical assets and items related to rapid transit and rail cars for a cost of slightly under \$8-million of which approximately \$2,200,000 was in cash. The transaction was made June 28.

Charles Ignatz Dies After Long Illness

Charles Ignatz, 70, of 1517 Maple street, died Monday at 4:05 p. m. at St. Elizabeth Hospital after a three-year illness. He was admitted to the hospital Saturday for observation of a heart ailment.

A native of Hungary, he moved to Granite City 41 years ago. Mr. Ignatz retired early this year after 36 years at General Steel Castings Corp., where he worked as a burner, welder and torch repairman. He was a member of St. Joseph's Catholic Church.

Survivors include his wife, Mrs. Agnes Ignatz; two sons, Steve Ignatz of East St. Louis and Joseph Ignatz of Granite City; a daughter, Mrs. Samuel (Mary) Papp of Ferguson, Mo.; and five grandchildren.

Services were held this morning. Other arrangements are given in the obituary column.

Engineering Refresher Course To Be Offered

A professional engineering refresher course, sponsored jointly by the University of Illinois and the Madison and St. Clair county chapters of Professional Engineers will begin in East St. Louis on Sept. 1, the university announced today.

The 11-week course is planned primarily for engineers and engineers in training who plan to take the state examination for registration as licensed professional engineers in November. It offers a brief review in the fundamentals of engineering mathematics, mechanics, electricity and strength of material. A portion of the course is also devoted to the solution of typical engineering problems in the fields of engineering economics, civil, mechanical and electrical engineering.

Tuition and fees for the course, held each Thursday beginning Sept. 1 at the East St. Louis senior high school, are \$24 per quarter All-Star games.

person. The class meets from 7 to 10 p. m. Registration will be conducted at the first class meeting and fees are payable at that time.

Instructors for the refresher course will be members of the engineering college faculty from the University of Illinois. The state examination schedule includes tests for professional engineers on both Nov. 17 and 18, and on Nov. 17 for engineers in training.

The refresher is the second of its type to be held in the two-county area this year. A spokesman for the Professional Engineers chapter said a similar course offered in February drew 34 enrollees. Letters of invitation to the latest course have been mailed to Granite City Steel Co., Dow Metal Products Co., American Steel Foundries, General Steel Castings Corp. and the Granite City Engineer Depot.

SELECTIONS

Pennant-winning managers of the previous season always select pitchers for the major league All-Star games.

Seven Local Youths To Be Drafted Monday

A group of seven Quad-City area youths is scheduled to report Monday to the county select service office at Edwardsville for armed services induction, and another group of eight youths is to report for pre-induction physical examinations. Dr. Byrd Appointed SIU Associate Dean

Dr. Milton B. Byrd was named associate dean of Southern Illinois University's Southwest Campus at a board of trustees meeting in Carbondale, it was announced this week.

Byrd joined the SIU staff in 1958 as assistant professor of English, coming from Indiana University in Fort Wayne. During his first year with Southern he was elected by the faculty to the Southwest Campus Faculty Council and the East St. Louis Advisory Council.

Last year, he was appointed chief academic adviser for SIU in East St. Louis, and in June he was named associate professor of English.

He is co-author of "Publication Guide for Literary and Linguistic Scholars" (1958) as well as numerous articles in learned journals.

Holder of a doctorate in English from the University of Wisconsin, he took his B.A. (cum laude) and M.A. degree at Boston University. He is a member of Phi Beta Kappa honorary society and the following professional organizations: Modern Language Association, College Association of America, National Studies Association, National Council of Teachers of English and American Association of University Professors.

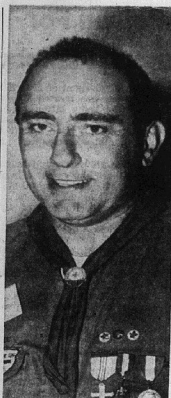

Named by the board to replace Byrd as chief academic adviser in East St. Louis was Dr. Robert Erickson, assistant professor of history. Before coming to SIU in 1958 Erickson, a University of Illinois Ph.D., was on the staff of Butler University and was a first lieutenant in world war II and the Korean War.

Dr. James D. Turner, associate professor of sociology and director of the university center in East St. Louis from September 1958 to June 1960, was named administrative assistant in the Central Administration by the board.

An associate professor of sociology at Florida State University before coming to SIU in January 1958, Turner also had two years' experience as a research analyst for the American Bar Foundation, Chicago, and seven years' teaching at extension centers of Indiana University.

Dr. Herold E. Headley, SIU associate professor of music, was named acting head of the division of fine arts for the Southwest Campus.

Headley, who came to SIU in 1958 from North Texas State College, director of the 1959 voice Southwest Illinois Chorus, and director of the symphonic society, which sang at the St. Louis Symphony Orchestra at the symphony's presentation of Beethoven's Ninth Symphony April 9th and

PETER CARICH, scoutmaster of Troop 8, Granite City, recently selected as one of the outstanding scoutmasters of the country, was awarded a scholarship by the Boy Scouts of America Relationships committee.

Troop 8 Scoutmaster Receives Scholarship

Scoutmaster Peter Carich, whose Troop 8 is sponsored by the First United Presbyterian Church of Granite City, was recently honored as one of the outstanding scoutmasters of the country by the BSA Relationships committee which awarded him a scholarship for the Philmont Volunteer Training Center, Cimarron, N. M.

He attended the National Scout Leadership Training Conference at the 300,000 acre Philmont Scout Ranch from July 13 to the 18th.

Carich, an employee of the Granite City Steel Co., lives at 2134 Lynch avenue. He has been in scouting for nine years, has led three of which have been served as scoutmaster of Troop 8. Active in the Cahokia Mound Council leadership, Carich recently received an additional honor of the Scouters Key Training award.

Post 307, Auxiliary To Install Officers Sept. 10

Venice-Madison American Legion Post 307 and auxiliary will hold a joint installation of new officers for the coming year in Sept. 10 at the post home.

The new post officers will be Bobby J. Orasco as post commander and Mrs. Viola Whitcomb as auxiliary president. They will succeed George Wilson and Mrs. Jacqueline Leatherman.

Other incoming officers for the men will be senior vice commander, Leonard Whiteside; junior vice commander, Robert Douglas; finance officer, John Genterman; sergeant-at-arms, Charles Austin; historian, Kenneth Hinson; and executive board members, John Bettag, George Wilson and Clarence Hackney.

With Mrs. Whiteside, the other officers of the auxiliary will be Mrs. Mildred Scannell, first vice president; Mrs. Madeline Simmons, second vice-president; Miss Dorothy Hinson, secretary; Mrs. Mary Ballantine, treasurer; Mrs. LaVerne Orasco, historian, and Mrs. Joyce Austr, sergeant-at-arms.

Installing officer for the men has not yet been named, but Twenty-Second District Director Mrs. Frances Gibson of Wood River will handle the ceremonies for the auxiliary.

GC Rotary Hears Talk On Red Brainwashing

Why did not one of the 7000 American soldiers captured during the Korean war escape?

Why did 40 American soldiers stand by and watch while an American sergeant threw out two of their sick companions into the North Korean sea?

Why did 30 degrees below zero merely because their dysentery was creating an odor?

Why was information among American soldiers rifle while simple talk between them was almost non-existent?

Possible answers to these and other questions about the conduct of American prisoners of war during the Korean campaign were given by the Granite City Rotary Club during their regular meeting Tuesday at the YMCA.

The club listened to a tape recording of a talk given by Dr. William E. Mayer, psychiatrist in charge of the study of Korean and Chinese Communist brainwashing techniques after the war and now state mental health director for Hawaii. The tape was supplied by the Chamber of Commerce.

The thesis of talk was that in the prisoners' minds, the war became as much of a battlefield as Seoul or Pusan, American soldiers generally lost. The reasons for this were that they were in superior Communist indoctrination techniques, Dr. Mayer said.

Most prisoners felt no military grilling, no physical torture, no drugs in Korea. The indoctrinators, mainly English-speaking Chinese educated in American universities, used psychological methods to devalue the fundamentals of life in the United States and thereby breakdown the main reasons soldiers had for fighting.

The brainwashing or "re-education" POWs received turned many of them into frightened, insecure, opportunistic informers

Minor Accident

While making a right turn off 21st street Monday afternoon, an auto driven by James T. Slaving, 32, of 2001 Washington avenue, hit a car parked on Madison avenue in front of St. Elizabeth's hospital.

Granite City police said the second car is owned by F. C. Bogard, 53, of 2501 Pantoon road, Madison was slight.

Kulenkamps Will Attend Miss America Reunion

Mr. and Mrs. G. W. Kulenkamp Jr., 2901 Idaho street, will leave Sept. 2 for a visit with Capt. and Mrs. Ernold Love in Alexandria, Va., before going on to Atlantic City to attend a reunion Sept. 5-10 of the Miss America Pageant contestants.

Mrs. Kulenkamp, the former Catherine Klinschmidt, was the first Miss Illinois in 1950.

Among those attending the 25th anniversary reunion will be the former Margaret Gorman of Washington, D.C., now Mrs. Victor Cahill, a widow.

A wide variety of optional amusements, all of which will provide vacation-type fun for the husbands and children of the returning ex-contestants, have been slated for the reunion.

From Wednesday through Saturday the contestants, their husbands and children over the age of 12, will participate in the present through attendance at

the four nights of judging in Convention Hall, where as guests of the Pageant, they will witness the proceedings from special seats reserved for them. The combination reunion and Coronation Ball is to be held in the vast ballroom. This formal affair, to last from midnight until the wee small hours of Sunday morning, will enable the "Class of 1950" and its president, the newly-crowned Miss America, to meet intimately with returning Pageant veterans.

Miss Lynda Lee Meade of Natchez, Miss., is the reigning Miss America of 1950.

Mr. Kulenkamp, husband of the former "Miss Illinois," is an agent with the Metropolitan Life Insurance Co.

A Bible printed in 1810 is shown as the "Bible to Ear Bible" because it quotes Matthew 13:43 as "Who hath ears to hear, let him hear."

LEWIS E. SABIN, Venice high school science teacher, who was one of 20 teachers completing an eight-week course in radiation biology at the University of Kansas recently. Sabin, who lives at 1803 Spring avenue, is shown with a radiation scaler which totals radiation counts detected by a Geiger tube.

Egyptian Radio Club To Hold 'Hamboree' Sunday

A "Hamboree" sponsored by the local Egyptian Radio club, will be the signal for an expected 500 to 600 amateur radio operators to join in a full day of picnicking, fun, and contests on Sunday at the ERC grounds on Chateau Slough road. Floyd Mitchell, a past president announced today.

While the official festivities are scheduled to begin at nine a. m. and sign off 12 hours later at 9 p. m., Mitchell said numerous members... the club has 50 on the active list... will be mobile broadcasting units giving road directions to far

traveling road visitors who are not familiar with the Quad-Cities' intricate road system. The mobile unit operators will act much like radio airway beacons sending out position signals so that off-the-beam aircraft can get a fix and home-in on the station, in this case the Egyptian Radio club.

chell explained, is one of the oldest organizations of its kind in this area, on a continuous operations basis. And one of the prime reasons the get-together is held each year is so amateurs, who remain just a call-letter and a distant voice to each other 364 days of the year, can actually meet on a person-to-person basis.

GC Park Trees To Sport New Color This Year

To add color to Wilson Park throughout the year, some 400 trees will be planted there in coming months. O. H. Williams, superintendent of parks, said.

The trees, all purchased this past spring from area nurseries, are currently kept in a fenced area adjoining the park office. They will be transplanted in the park as they reach desired heights, mostly in picnic areas.

"I'm not a horticulturist or forester," Williams said, "but we hope to get more of the flowering type of trees that bloom at various times throughout the year."

So far, trees in the nursery include red bud, sweet gum, hackberry, green ash, mimosa, pin oak, Norway and hard maple. Green ash comprises the bulk of seedlings at present. In the future, Williams said it is hoped that some 150 more flowering trees

including peach and plum, will be added.

Currently under way in the park is removal of around 200 dead trees, to be replaced gradually by the new timber. Although the majority of replacement will be of dead wood, plants also call for planting at the Tri-City Park and Maryland Parkway ground sites on a long range program.

The Tri-City Park playground site alone, Williams said, will receive between two and three hundred trees.

"The replacement program is not entirely new, the superintendent pointed out. "We've just reactivated it after a lapse of a few years," he said.

Depending on the species, transplanting size ranges from eight to 10 feet. The trees now vary from 18 inches to six feet in height.

Golden Circle Club To Go To State Fair

Members of the Golden Circle Club at Kirkpatrick Homes will leave tomorrow by bus to attend "Golden Age Day" festivities at the State Fair in Springfield.

Ben Olive, 701 Kirkpatrick Homes, said the club has about 100 members, all 50 years of age or older, and 50 of them are planning to make the trip by chartered bus. Among them will be the club's oldest member, Mrs. Mildred Reading, who is 94.

Olive said the group will leave at 8 a. m. from the recreation center and will spend the day at the fair.

"All the members wanted to go, but some of them have not been feeling well, so we chartered the bus for 50," he added.

City Officials To Attend Many League Conference

Members of the Tri-City Police League conference to be held in Springfield, Oct. 1-4.

Mayor Davis asked that officials planning the attended notify his secretary within the next few days for reservations.

James Wade Enroute To Korea To Teach Music

Mr. and Mrs. James Wade, 2519 Madison avenue departed last night for Seoul, Korea, via San Francisco.

Wade, a Granite City composer and musical theorist, is to serve a year's appointment as visiting professor of music at Yonsei University, largest private college in Korea, where he will teach composition, music history, and musicology. He will participate in the revision of the curriculum and organization of the university's music department. He will also act as a special consultant in music and the arts for the American-Korean Foundation of New York.

Wade, son of Mr. and Mrs. E. J. Wade of Granite City, is a candidate for the Master of Music degree from the American Conservatory of Music in Chicago, and holds a Master of Art degree from Washington University. He has been active in the field of Korean music since his army service there in 1955, having founded the "Music for Korea" movement under the sponsorship of the American-Korean Foundation in 1956. Through this project, a 20,000 piece music library has been set up at the Korean Research Center in Seoul, for which he serves as musical consultant.

A subsidiary activity will consist of the collection and analysis of Korean folk music and ancient court and ceremonial music on tape and manuscript, with special reference to the historical relationship between Korean and Chinese music. Wade plans to use this material in his doctoral dissertation toward a PhD in the future.

Mrs. Wade, the former Lee McClintock of Overland, will serve as special assistant to the director of the Seoul office of the American-Korean Foundation.

20th Street Crash Reported Monday

When an auto driven by Charles Hutchins, 63, of 1319 Meridian avenue, stopped because of traffic conditions on 20th street at Omaha street Monday afternoon, the auto be-

hind failed to stop and an accident resulted, Granite City police reported.
The second auto was driven by Lenora E. Sperino, 21, of 1704 Cleveland blvd. Both vehicles were traveling west on 20th street when the accident oc-

7 Named To Faculty For New Area Campus

Seven new Southwestern Illinois Campus faculty appointments have been approved by Southern Illinois University's board of trustees, meeting in Carbondale.

Appointed in economics were Dr. David C. Laun and Dr. Thomas E. Van Dahm, both assistant professors, and Dr. Ann S. Schiewer as lecturer.

Luan, who was born in Shanghai, China, has taught at Bishop College (Marshall, Texas) and Wisconsin State College (Whitewater) and holds a doctorate from the University of Texas.

Van Dahm, a University of Michigan Ph.D., has been a staff member of Central (Pella, Ia.), Augustana (Rock Island, Ill.), and Hope (Holland, Michigan) Colleges.

Mrs. Schiewer holds three degrees from St. Louis University, where she taught economics for five years before taking her present position with Inland Research Consultants in St. Louis in 1953.

Appointed associate professor of German was Dr. Paul Guenther, who has been on the staff of Vanderbilt University (Nashville, Tenn.) since 1948. Born in Berlin, he studied at the Universities of Vienna, Denver and Colorado before taking his Ph.D. at the University of Carolina.

Ross N. Schneider, holder of B.S. and M.S. degrees from SIU, will be a lecturer in mathematics. He taught freshman mathematics at Washington University last year as a graduate student.

Added to the English Staff were Dr. James C. Austin, associate professor, and Garry N. Murphy, lecturer.

Austin, who holds a Western Reserve University doctorate, taught at the University of Nebraska, Ohio University and Yankton (South Dakota) College before coming to SIU. He is author of a textbook, "Essentials of English Usage," as well as numerous articles in learned journals.

Murphy, who has been teaching English at the University of Cincinnati since 1957, will serve as a replacement for Dr. Marion Taylor, who is on leave of absence this year as a Fulbright lecturer in India at the University of Jammu and Kashmir.

3 Children Face Rigorous Shots If Dog Is Not Found

Locating a small white terrier which has bitten three preschool age children during the past week can remove the need for the series of 14 anti-rabies inoculations each child must receive.

The dog, seen within the past few days near 2500 Iowa and 2500 State streets and at McKinley school, is described as either a white fox or rat terrier about eight to ten inches high, and having black pointed ears, a pointed tail and black spots on its back. When seen last it was wearing a collar with either bells or tags around its neck. It is believed to be a male dog.

Last week, the dog bit Michael Moran, 4, and his sister, Terri, 3, children of Mr. and Mrs. George Moran, 2439 Washington avenue, and four-year-old David Sheridan, son of Mr. and Mrs. Philip Sheridan, 2301 State street. The Moran children were

bitten while they were on the porch of their home, while the Sheridan boy was injured as he was playing at 2448 State street. Inoculation of the Moran children began a few days ago. The Sheridan boy will receive his beginning tomorrow. Described by a physician as "extremely painful," the shots are necessary when a dog cannot be located for rabies tests. They are administered each day for 14 consecutive days with serum supplied by the state, with the recipient paying for the doctor's office call.

The severe pain arises from the position of the inoculations. They are given in the abdominal area but because so many shots are given in a short time, the abdomen becomes severely irritated and the location is rotated. The owner of the dog or anyone having information about it is asked to contact the parents of the children or local police.

Granite City Merchant Honored By Western Auto

In recognition of 10 years merchandising service to customers in the Quad-City area, Lloyd E. Tatum, owner of the local Western Auto associate store, has been awarded a walnut and bronze wall plaque from

the company's general offices in Kansas City, Mo.

The honor award, engraved with his name, is made only at five-year intervals, and was presented to the local merchant by the firm's division offices serving this area.
